

Levees Are Proved Say U. S. Engineers As Flood Is at Crest

Prediction is That Little More Damage Will Attend 1,000-Mile Sweep of River Into the Gulf of Mexico.

VICTORY IN SIGHT

No Premature Rejoicing as Gangs Toil to Preserve Their Heroic Record.

Memphis, Tenn., Feb. 3 (AP).—A history-making flood crest surged out of the desolated Ohio Valley into the Mississippi today but army engineers predicted little more damage will attend its 1,000-mile trip to the gulf.

Flood fighters were quietly confident a billion-dollar levee system reinforced by two weeks of toil would make the yellow torrent impotent to increase the appalling toll it already has taken.

Every one of the 120,000 laborers working to heighten and strengthen the mountain of embankments knew the "zero hour" was at hand and that the next several days will bring the answer to the question a nation asks—will the levees hold?

Believes They'll Hold.

Lieut. Col. Eugene Reybold, district U. S. engineer at Memphis, and Major General E. M. Markham, chief of army engineers, believe they will—that the crest will roll safely down the valley without the collapse of a single government barricade.

"Preliminary" overflows of the big river and its tributaries have killed scores and driven more than 200,000 from Mississippi valley homes. Relief sources already are taxed and major failure of the dikes would bring untold added misery—a fact the weary river battalions realize fully.

With victory in sight, engineers urged the pick and shovel laborers—the sandbaggers and the mud-borers—to not end their work and made hourly notes of the progress on danger points at Cairo, St. Hickman, Ky., the Slough Landing, neck dike, at Newell and Ferguson, Ark.

Barring More Rains

Barring additional rains, Colonel Reybold declared, the Mississippi probably will not exceed 51 feet on the Memphis engineers gauge, 61 at Helena, Ark., four feet lower than the heights for which they have prepared.

When high winds which had lashed high and choppy waves over the tops of levees and seawalls Monday had subsided late yesterday, the menace to the levee system was greatly reduced.

The Mississippi registered 48.58 feet last night on the engineers' gauge here—about a foot and a half above the Weather Bureau gauge—a rise of about a half-foot in 24 hours.

The death list in Mississippi, Arkansas and Tennessee climbed past 60 when additional refugees succumbed to exposure and influenza.

Fight Grows Brighter

The fight to hold the Hickman, Ky., seawall grew brighter with the return of fair weather. Breaks in two sections of the Slough Landing neck near Bessie, Tenn., relieved some of the pressure on Hickman and New Madrid, Mo.

Tiptonville escaped higher stages directly due to the Bessie breaks, but the city nearly was surrounded by rising water from the Mississippi and overflow in Ridgely and Wynnewood increased.

"Along the Mississippi river front from the Missouri state line to Helena, Ark., the lowest freeboard anywhere is three feet at the West Memphis railroad crossing, which is being raised," Colonel Reybold asserted.

Satisfactory progress was made on sacking and bulkheading levees from Helena to the mouth of the White river in Arkansas. In Mississippi and Louisiana the main line levees were ready for the waters.

Flood-tormented Cairo, at the crisis of its historic battle against the river, stood a grim "crest watch" today.

The muddy Ohio was rising again. After a 15-hour standstill, as though gathering strength for the final assault before spilling its crest into the Mississippi, the big stream threatened to a new record-breaking height against Cairo's 60-foot seawall.

The gauge showed 53.6 feet—less than six inches from the top of the concrete barrier. The big test, army engineers said, will come when the water begins pouring against the 10-foot emergency bulkwork of earth and wood.

Forty-one railroad flat cars, loaded with dirt-filled sacks, were stationed at strategic points around the inside of the levee system that borders the city—ready to plug breaks in dikes.

Nonetheless, optimistic predictions that the "crest" was over cheered city communities down the 1,000-mile stretch below Cairo. In the lower Mississippi valley.

Victory in Sight

After a week of suspense and fear that a "major breach" was imminent in the Mississippi valley.

Envoy Speeds Home For Flood Work

5-Billion Program Sent to Congress for U. S. Public Works

Washington, Feb. 3 (AP).—President Roosevelt sent Congress today a \$5,011,000,000 six-year program of public works as the basis for consideration of a "long-term plan and policy of construction" in planning against future depressions.

The broad program was prepared by the national resources committee. It recommended public works planning on a grand scale, including hundreds of specific projects in drainage areas covering the whole country and embracing an \$85,000,000 control program in the flooded Ohio river basin.

The President, in a message transmitting the report, said public works had been undertaken "somewhat hurriedly" during the emergency.

Long Range Policy Timely
"Now," he said, "it is time to develop a long range plan and policy of construction—to provide the best use of our resources and to prepare in advance against any other emergency."

Roosevelt continued: "Through the formulation and annual revision of a program of all types of construction, revision and adoption of the program by Congress and appropriation under regular budgetary procedure, times in part in relation to economic needs, we can provide for the orderly development of our resources and the provision of needed facilities for our people."

Asks Conjointive Study
The President asked Congress to consider the report in conjunction with recommendations for highways, bridges, dams and flood control already under construction and estimated for in the budget for the 1938 fiscal year beginning July 1.

He also suggested that it be read in connection with other special reports, such as that of the Great Plains committee which he will send to Congress in a few days.

The chief executive recalled his recognition message recommendation for a permanent planning agency to "filter" public works proposals from which the President would choose a list of projects for submission to Congress.

The resources committee report would have some of the many projects undertaken at once while others would be held as a reservoir "which can be utilized in periods of economic depression" for public spending to increase employment.

On Constant Basis
The six-year program would be kept constant on that basis, being revised annually as studies warranted.

In the flooded Ohio basin, the committee recommended immediate expenditure of \$500,000 by army engineers for continued surveys and an \$85,000,000 construction program to follow in 14 reservoirs.

"A system of flood control reservoirs on the tributaries would provide the most practical means of controlling the floods of the Ohio and its branches," the report said.

"Protection against a major flood was provided years ago in the Miami (Ohio) drainage area and soon will be afforded in the Muskingum (Ohio) basin by a system of reservoirs now under construction."

A comprehensive plan developed by the corps of engineers included some 53 reservoirs for flood control and water production. Many of the projects are in flood control.

Ulster County Medicos Hear Dr. Thompson On How To Fight Syphilis

State Official Says Aim of Health Authorities and Physicians is To "Get It Out From Under Cover."

2 GOOD WEAPONS

Giving Accurate Knowledge About Disease, Early Diagnosis Two Powerful Weapons.

The aim of health authorities and doctors generally, in a renewed and concentrated attack on the prevalence of syphilis, is to "get it out from under cover," to "take off the pink ribbons" and show it for just what it is, Dr. W. C. Thompson told a large gathering of members of the Ulster County Medical Society at the Governor Clinton Hotel Tuesday night. Dr. Thompson, who is medical consultant for the division of social hygiene, state department of health, was the speaker at the scientific session of the society, following the regular business meeting.

He was introduced by Dr. K. H. LeFever, who was in charge of that part of the evening's program, who spoke about the changed attitude of the press of late in disseminating facts about this disease which causes such widespread ravages.

Early Diagnosis

Dr. Thompson spoke on "The early diagnosis and treatment of syphilis," which he said was about three times as prevalent as tuberculosis and which, according to reports, shared with an allied disease the doubtful honor of constituting about 16 percent of communicable diseases reported.

As to its prevalence, the speaker said that the United States Health Service has estimated that in some sections of the country one out of every 10 persons was affected, but he believed that that figure was too high for New York state.

Two Potent Weapons

In the warfare against syphilis, health authorities have two potent weapons, declared Dr. Thompson. They are dissemination of accurate knowledge regarding the disease and prompt diagnosis and treatment.

He said that diagnosis of early syphilis was a laboratory and not a clinical procedure. As one of the handicaps encountered in checking the spread of the disease he mentioned the fact that sometimes manifestations of the disease were too light to attract the attention of the person affected and it was not recognized for what it was.

Discussing the desirability of a positive diagnosis before proceeding to definite treatment, Dr. Thompson spoke at some length on the technical procedure followed in arriving at a satisfactory diagnosis and also referred to the possibility of confusing syphilis with certain skin diseases.

Tracing Source of Infection

Emphasis was laid on the desirability, whenever possible, of tracing the source of infection, with a view to checking its further spread.

Dr. Thompson devoted some time to a discussion of drugs used in treating syphilis and the relative value of different agents. As to the length of time required for treatment of early syphilis, it was placed at from a year and a half to two years. Periodic examinations, following the conclusion of regular treatment, were recommended as highly desirable.

At the conclusion of his address, which was listened to with keen interest, Dr. Thompson was called upon to answer numerous questions propounded by members of the society.

Communicable Disease Hospital

Dr. Frederick Voss, president of the society, presided during the evening.

One important matter of business brought up was the desirability of constructing a hospital for the care and treatment of those affected with communicable diseases. This question had previously been discussed at the December meeting of the society.

Letters were read from Mayor Heislman, who approved the move as one aimed to fill a real need, from Lester Herzog, WPA administrator, regarding the possibility of securing a government appropriation towards the work and from Roscoe Elsworth.

Second General Motors-Union Strike Parley Due Late Today; Evacuation by 3 P. M. Optional

Pickets Face Bayonets In Strike Flare-Up

Michigan national guardsmen are shown as they held pickets at bay in front of Chevrolet plant No. 4 in Flint, Mich. The troops refused to let food be taken to the sit-downers after violence flared and set up machine guns in the middle of the street. Labor Leader John L. Lewis hurried to the scene from Washington. (Associated Press Photo)

Red Cross Clothing Collection Saturday

Only three days remain for householders of Kingston to gather together every discarded but wearable piece of apparel to be sent to the flood-stricken areas.

For on Saturday morning, the American Legion and the Boy Scouts cooperating with the Red Cross, who have organized to make collections, will pick up the bundles which residents have been asked to leave at their front doors. Observance of this request will expedite pickup work by the men, boys and the 15 trucks and busses. Motorized equipment has been donated by various city business houses.

Notification must be given the Legion or the Scouts, so they may know the addresses where packages are available.

Police Force Change to Be Granted Under New Local Statute

New Law to Permit Police Board to Name Four Sergeants and Elevate Present Two Sergeants to Rank of Lieutenants—Other Matters Before Aldermen.

At the last meeting of the Board of Police Commissioners it was decided to ask the common council to amend the city charter so as to permit the board to appoint four police sergeants and to elevate the present two sergeants to the rank of lieutenant.

Tuesday evening Local Law No. 2 of 1937, was introduced and received its first reading. This law will give the police board the power it seeks.

The local law reads: "Designate such number of lieutenants, sergeants, detective and other rank or title of members of the force as the board may judge necessary for the proper and efficient conduct of the force."

It is planned to pay the four sergeants an additional \$160 a year over the pay they received as patrolmen, but the elevation of the two sergeants to lieutenants does not carry an increase of pay with it.

The four sergeants to be named

Committee to Recommend New Local Traffic Code to March Session of Council

City-West Hurley Road Rebuilding Is Favored by Council

Unanimously Adopted Resolution Asking State Highway Department to Include This Stretch of Road in Its 1937 Building Program—Itself Road Increases Here.

The common council Tuesday evening unanimously adopted a resolution urging the state highway department to include the building of the proposed new Kingston-West Hurley highway in its 1937 building program.

Mayor Heislman also included a copy of the letter he had written Captain Brandt of the state highway department some time ago, and which was printed in full in The Freeman at the time it was sent. In this letter the mayor urged the need of the construction of the road to carry the heavy summer traffic and to eliminate the present dangerous crooked road between Kingston and West Hurley.

The resolution adopted by the aldermen also urged the reconstruction of the Washington avenue viaduct and the steel bridge across the Esopus creek, which were said to be too narrow to handle present day traffic.

The local emergency relief bureau submitted its report for January which showed that during the past month it had spent the sum of \$15,243.22 caring for the families on the relief rolls in the city. During January there were 438 relief families who were receiving aid from the city.

The report showed that the relief load instead of decreasing was again increasing in Kingston.

The report also showed that the relief load instead of decreasing was again increasing in Kingston.

Governor Murphy Announces "Interesting Conference" Following Hour and a Half Meeting in Detroit This Morning.

LEWIS CONFERS

John L. Lewis Meets With "Board of Strategy" of Strikers at His Hotel.

(By The Associated Press)

Detroit, Feb. 3.—Governor Frank Murphy brought opposing leaders in the General Motors automotive strikes together in a peace conference today a few hours before the deadline set for evacuation of sit-down strikers holding two of the corporation's plants at Flint, Mich.

For an hour and a half, in the private chambers of a recorder's court judge, William S. Knudsen, executive vice-president of General Motors, and John L. Lewis, director-general of the strikes and chairman of the Committee for Industrial Organization, talked with the Michigan governor.

When they left, Murphy said, "There has been a very interesting conference and another will be held here late today."

No Agreement Announced

No announcement was made as to any agreement by the representatives of the United Automobile Workers of America to comply with the injunction of a Flint Circuit Court ordering "stay-in" strikers to leave Fisher Body plants by 3 p. m. (EST). The strikers last night said they intended to remain at the plants they have held since December 30.

At Flint, however, a delay in voluntary or forcible evacuation of the two strike-held General Motors body plants appeared assured when Circuit Judge Paul V. Gadola issued a statement that his order for evacuation by 3 p. m. (EST) need not be enforced promptly at that hour.

Board of Request

Murphy's request to Knudsen and Lewis for the Detroit conference asked them to meet "in view of the conditions of serious unrest and public disorder existing in the city of Flint, and threatened in other places," with a view to formulating a basis of agreement and settlement that will be fair and just to all parties concerned and consistent with the public interest, thereby avoiding the necessity of employing remedies or measures of an extreme character."

The governor did not explain what such measures might be. In Flint more than 3,000 National Guardsmen, concentrated to preserve order, have established military lines about the embattled Chevrolet Motor Co. area.

Meets "Board of Strategy"

Lewis, leaving the conference in the chambers of Recorder's Judge George Murphy, brother of the governor, conferred with the U. A. W. A strike "board of strategy" at his hotel.

Governor Murphy's letter of investigation was delivered to Lewis while the C. I. O. head was en route here from Washington. The governor personally read the letter by telephone to Knudsen, and said he received an answer within an hour.

Murphy's letter concluded with this line: "This request is made in accordance with the wish of the President of the United States."

Replying, Knudsen wrote that this "leaves no alternative except compliance," and said he would confer "with a view to formulating a basis for negotiations."

Tension increased in this troop-patrolled strike center today as sit-down strikers in two General Motors plants declared they would ignore a court evacuation order.

A few hours before the deadline for compliance with a Genesee county circuit court injunction against the strikers, John L. Lewis, head of the Committee for Industrial Organization and leader of the strike, came to Michigan to confer with officials of the United Automobile Workers of America.

Sheffey Thomas W. Wolcott visited the Fisher Body Plants No. 1 and 2 last night and read to the strikers Justice Paul V. Gadola's order that they cease occupying the buildings, vacate them by 3 p. m. (EST) today and refrain from picketing the factories.

After hearing the order each group telegraphed Gov. Frank Murphy their declarations of intention to disregard it.

The union men in the two Fisher plants quickly listened to Sheriff Wolcott's reading of the injunction. When he left Plant No. 1 there was good-natured booing. He laughingly said "They're a good bunch of fellows in there." It was there that the sheriff was shouted down when he tried to read a previous injunction January 2.

Two injunctions previous named Martin and 39 other strike leaders as defendants and said the sit-down strikers no longer were employees of General Motors.

Judge Gadola ordered that the defendants and "all other persons" who

Annual Food Show Set for Week of April 12 and Use of Auditorium for Benefit Dance Granted

The common council Tuesday evening granted two requests made by the UPA, the first asking for the use of the municipal auditorium for the holding of the annual food show the week of April 12, and the second the use of the auditorium for holding a public dance on Monday evening, February 8, the entire proceeds to be turned over to the local Red Cross for the relief of the food sufferers.

When the council met last evening it was to find that three requests had been made for the use of the auditorium for the holding of dances to raise funds for the Red Cross. The first was from the UPA, and the two others from the C. & R.

Social Club and the Pioneer Athletic Club. The council felt that as the UPA had made its request first that it would be better to hold one big dance than to hold several, and in awarding the use of the auditorium to the UPA it was decided to ask the two other organizations seeking the auditorium to cooperate with the UPA in making the dance on February 8 a big success.

The Diamond B Bus Line petitioned the council for permission to transfer its certificate granting its permission to operate received from the public service commission to the Mountain View Coach Line, which has contracted to purchase the Diamond B Line. The petition was granted.

The third and final reading of Local Law No. 1 of 1937, was also given at the meeting. This law, similar to one adopted last year, permits delinquent taxpayers to pay their taxes in the installment plan.

The Ulster County Fish and Game Protective Association wrote that it was planning to hold a series of meetings this winter and spring and asking the use of the council chamber for the meetings. The request was referred to the building committee.

Frank Morrow, manager of the Kingston basketball team, asked for a renewal of his contract to use the auditorium for basketball for the 1937-38 season. The request was referred to the building committee.

Wicks Bill for Civil Service Law

Albany, Feb. 3 (Special).—Senator Arthur H. Wicks, Republican, of Kingston is sponsor of a new civil service law amendment, dealing with membership in the state retirement system, operation of local pension systems, and effect of prior credit service upon joining the state system, particularly with respect to policemen in cities, towns and villages.

Under Senator Wicks' bill, where a local pension system in any community elects to become a member of the state system, the local organization shall be discontinued as of the date of approval by the state system. Thereafter, the local system is limited to previous members, except in the case of policemen, who shall have extended to them all rights, privileges and benefits granted under any local pension system of a city, upon the admission of the appointee to membership in the state retirement system.

Another bill which has just been introduced by Senator Wicks, provides that guards, storekeepers, teachers and instructors at the New York State Vocational Institute, at Coxsack, shall receive the same compensation allowed to the same classes of employees of the state prisons.

Both these bills have been referred to committee for further action.

What's Doing in the N.Y. Legislature Today

Albany, N. Y., Feb. 3 (AP).—Today in New York's Legislature.

Both houses meet at 11 a. m. Assembly public welfare committee meets to make minor amendments to social security bill and report it for a floor vote next Monday night. Senate to press for action on some of major program bills.

Highland News

Highland, Feb. 3.—A chimney fire at the home of Joe Jones on upper Grand street was put out Tuesday morning by the fire company without any damage being done to the building.

Mr. and Mrs. Egbert Van Wagner drove up from Irvington, N. J., Saturday and remained over night with relatives here.

Harvey Traver and Miss Frances Bruyn drove to Wallkill on Sunday and spent the day with Miss Gertrude Deyo.

Members of the Tuesday evening bridge club were guests this week of Mrs. Percy Torpeling in Poughkeepsie with dinner at a tea room near Vassar College.

Miss Elizabeth MacCargan of Ogdensburg arrived Wednesday for a visit with her niece, Mrs. George Dean.

Oliver J. Tillson will speak before the Training class at the New Paltz Normal School at 2 o'clock Friday afternoon on "The Hobby of Kings and the King of Hobbies."

An auction and a talk on the Ohio Canalization Stamp of the United States in reference to its meaning in the Ohio river flood by the secretary-treasurer, Oliver J. Tillson of the Mid-Hudson Stamp Club, meeting Monday evening at the home of the vice president, Mrs. Clyde Matthews. There were 35 items sold with auction with good prices. Mrs. Troy M. Cook became a new member which adds six new adult members within recent months. Present aside from Mrs. Matthews, who conducted the meeting, were: Mr. Tillson, Mrs. Beatrice A. Grimm, Troy Cook, Miss Martha Benesh, Mrs. Eber Coy, and Miss Margaret Cook of Ardona. Miss Florence Morrissey of Walden, Daniel Kurtz, Jr., Willard R. Parker, Follett Winchester, and Theodore Coelho as a guest. Ice cream and cake were served at the close of the meeting.

Miss Emily Lent returned to Vassar College on Sunday after a few days at home following mid-year's exams. Her roommate, Miss Sylvia Shipley of Baltimore, was her guest here.

William Kraft, postmaster in Kingston, and Frank Finnigan of the Newburgh Lions Club were the speakers at the meeting of the local Lions Club Monday evening at the Elms. Mr. Kraft talked on the Postal department and Mr. Finnigan gave the club pointers on a minstrel show which the local club are planning to hold. The club voted to give \$15 toward the Red Cross fund and also assist in the milk fund for the undernourished children in the local school. To swell the Red Cross funds McAlpin Brown, a well known artist, has donated an oil painting, "Misty Morning", which will be sold and the proceeds given to the food sufferers. The picture, which has a value of \$200, has been exhibited in nearby cities at art exhibits. The committee for the sale is Irving Rathgeb, McAlpin Brown, Walter R. Seaman and Dr. Victor Salvatore. There were 22 members present. Charles Rogers of Millburgh is chairman of the next meeting.

Mr. and Mrs. Foster A. Root motored to Worcester on Saturday and remained overnight with the parents of Mr. Root.

The 92nd birthday of Mrs. Harriet Mackay was quietly observed Monday at the home of her son and daughter-in-law, Mr. and Mrs. G. Hallock Mackay. Mrs. Mackay was the recipient of many greetings from friends and organizations.

Two tables of bridge were entertained Monday afternoon by Mrs. Fred Lewis Vall with Mrs. Charles Farnam and Mrs. Rose Seaman substitute players.

Victor Salvatore, Jr., returned to R. P. I. Sunday evening. He was accompanied by his roommate, Edward Townsend, of Springfield, Mass., who had been his guest for several days.

Mrs. A. W. Lent led the meeting and read the chapter from "Out of Africa" at the meeting of the Evening Reading Circle Monday evening at the home of Mrs. Gladys Mears. The Circle voted to give \$5 toward the milk fund in the school and will take up a collection for Red Cross relief which Mrs. Livingston Rhodes will receive. Attending the meeting were Mrs. Lent, Mrs. Minnie West, Mrs. Clarence Rathgeb, Mrs. Matthew Busch, Mrs. Oliver Tillson, Mrs. Livingston Rhodes, Mrs. D. S. Haynes, Miss Marie Van Wormer, Mrs. Mears and Mrs. Fred Lewis Vall as a guest. Refreshments were served when those present were joined by several of the husbands.

An executive meeting of the Parent-Teacher Association was held Monday afternoon in the class room of Mrs. Beatrice Grimm at the school. Recommendations were made for the business to be done at the February meeting on Monday evening. Mrs. D. S. Haynes presided and with her were Mrs. James Swift, Mrs. Fred Boyce, Mrs. Gay Bradt, Mrs. Andries DuBois, the Misses June Reynolds, Ruth Goldsmith, Martha Benesh, Mary Castana.

The Junior Music Study Club met at the home of their instructor, Mrs. Fay LeFevre, in New Paltz, Saturday afternoon with those from here the Misses Nancy Rathgeb, June Schantz, Betty Wilcox, Shirley Filkins, Dorine Busch, Ruth Haynes.

Mr. and Mrs. George Hildebrand attended the Birthday Ball held in Newburgh Saturday night.

Mr. and Mrs. George Hildebrand attended the Birthday Ball held in Newburgh Saturday night.

Report Unusually Fine Southern Trip

Deputy County Treasurer and Mrs. Dushinberry and Dr. and Mrs. H. F. Fleming returned home to Gardiner Sunday after what Mr. Dushinberry says was the most delightful of a number of southern trips he has made in recent years. St. Petersburg on the Florida west coast was their objective, but their itinerary covered some 4,000 miles and took them through over half a dozen states.

Although they struck rain a good portion of their journey, coming and going, they report the weather in St. Petersburg as all that could be desired. "There were none of the low temperatures that have caused so much damage recently to Pacific coast fruit growers, on the other hand there was none of the excessively warm weather that sometimes makes a stay in some parts of Florida far from pleasant. Mr. Dushinberry says that on their return trip they saw the first signs of snow at Ridgewood, N. J., but it was not until they had got a considerable distance north of Newburgh that they struck enough to interfere at all with driving. They were gone a little over two weeks.

Noville Lecture At the High School

Commander George O. Noville who is scheduled to appear this evening at the High School Auditorium at 8:15 is one of the most colorful personalities in the exploring game. He will tell the story of the recent Byrd Antarctic Expedition and will illustrate it with fascinating motion pictures of his most recent adventures.

Commander Noville has been finding adventure ever since the age of 14 when he convinced a Navy recruiting officer that he was 18 and was, therefore, eligible to join up. Two years later he had been twice around the world. During the war he was a member of the Escadrille Canadienne, the Navy's only pursuit squadron, and won the Distinguished Flying Cross, the Italian Croce de Guerra, Croce de Savoy, the Medal of Honor and the Belgian Cross.

After the war he was appointed first superintendent of the U. S. Transcontinental Air Mail, and was advance officer for the U. S. Army's first Round-the-World Flight in 1924. A close friend of Admiral Byrd he has been second in responsibility on three of his great expeditions and now returns to tell us of the latest and greatest accomplishments of the famous explorer and of his own part in them.

Our senatorial togas are frock coats, but most senators nowadays are too democratic to wear 'em.

CREEK LOCKS

Creek Locks, Feb. 2.—Mr. Cypher and his niece of Bloomington called on his sister, Miss Emma Cypher. Mrs. Julius Engleken of Bloomington spent a pleasant Wednesday afternoon with Mrs. Jacob Welmar.

Mr. and Mrs. Fred Hussman were dinner guests of Mr. and Mrs. Fred Viano of Bloomington on Wednesday evening. They had a very enjoyable time as the children are quite talented and entertained with singing and dancing.

Mr. and Mrs. Frank Sheely were entertained at the home of Mr. and Mrs. Fred Hussman on Friday evening.

All are very glad to hear Kenneth Asker is slowly improving. He has been very ill and had two operations and six blood transfusions.

Mrs. Florie Muller has returned to the home of her daughter's family, Mr. and Mrs. John Maschino after spending several months with her daughter, Mrs. R. Grant, in the Bronx, New York city.

Vincent Coffey was a Kingston visitor recently. Mr. and Mrs. Rufus LeFevre and daughter, Miss Audrey, who moved to Port Jervis last summer, have moved back into their own home in Creek Locks.

Mr. and Mrs. Fred Hussman were guests of Mr. and Mrs. Edmund Deason and Mrs. Emma Deason on Friday evening.

Mr. and Mrs. John Maschino and Mrs. Fred Hussman were Kingston visitors on Thursday. Mike Bergmeier of Maple Hill was a business caller in Creek Locks on Monday.

Mr. and Mrs. Oscar Hahn of New York city and Creek Locks gave a party in honor of their son's 19th birthday on January 23. The following guests were present: Miss Agnes McGuire, Joseph Miller of Brooklyn and four young men friends of Oscar, and enjoyed delicious refreshments and all had a fine time with dancing and music.

Stolen in a Weak Moment?
Richmond, Va.—C. C. Whitebeck reported the loss of two fire escapes he had torn from a wrecked building and stored in an alleyway. Police found the lost material, weighing 1,800 pounds, in a junkyard. They arrested two small boys.

New Ending
Waynesburg, Pa.—The tale of the groundhog and his shadow had a different ending in this college town. Brother 'Chuck' came out all right on Groundhog Day, and probably saw his shadow—but, he walked into a steel trap on the farm of College President Paul R. Stewart.

He'll be added to the college collection—without a weather forecast.

Shoot And Run
Atnarko, B. C.—Seven hungry wolves caged in on Ralph Edwards, veteran woodman. He had only a 22 calibre rifle. Just before the pack reached him, he fired once. The leader fell. While the wolves halted to nuzzle the body of their leader, Edwards escaped to his cabin nearby.

From a Friend
Salt Lake City—City officials ordered removal of parking meters because of a price disagreement and general protest of merchants and citizens. One citizen, however, apparently gripped by the order, found a large floral wreath draped over one of the meters with an appropriate sentiment attached.

Doggerel
Chicago—Mr. Walker must cease writing poetry derogatory to his neighbor's dog a justice of the peace rules. Also the neighbor, the order specified, must see to it that his dog's barks are restrained so as not to encourage poetry.

SCOOP!

Learning that a treaty of international importance was about to be signed, the Tokyo correspondent of a United States newspaper picked up his telephone in Japan, and put in a call for his managing editor in New York.

The editor had gone home, but the call was put through to his bedside. He took down the details of the story on the first thing that came to hand—the inside pages of his telephone directory! Next morning the newspaper's second edition carried the Tokyo news—a clean world beat.

You may never have occasion to use your directory for a message of such importance to the world. But your telephone is always ready in matters that are important to you. And whether you call the other side of the world or the other side of the street, mid-morning or midnight, your call will go through as if it were marked "Rush." New York Telephone Company.

State 12-Year-Old 'House Hunting'; to Probe Her Wedding

Watertown, N. Y., Feb. 3 (AP)—Twelve-year-old Leona Elizabeth Rosha turned her back on the fifth grade today and went "house-hunting" while authorities contemplated an investigation of her marriage to Stanley E. Backus, 19-year-old factory worker.

"I wouldn't want to be separated from Stanley for anything," she declared. "I am too happy and I want people to mind their own business."

But District Attorney Carl J. Hynes of Jefferson county intimated he would look into the union although he had determined on no particular course of action.

The state law, he pointed out, classifies as a misdemeanor the marriage of any girl under 14 years of age.

Any attempt to separate the mature appearing, 110-pound Leona and the husband she married at Carthage on January 15 will be resisted by her mother, Mrs. Joseph J. Rosha, who revealed she was a bride at 16.

"They are very happily married, and I want to see them live together," she said.

Mr. and Mrs. Robert Backus, parents of the groom, also sanctioned the marriage.

Leona's age was given as 18 and that of Backus as 21 when they secured their license. The Rev. William K. Bradshaw, a Methodist Episcopal pastor, performed the ceremony.

The bride had read of the marriage in Sneedville, Tenn., of 22-year-old Charlie Johns and his doll-carrying bride, 9-year-old Eunice Winstead.

"I thought Stanley and I were bad enough," she commented, "but that is worse yet."

Down in Tennessee, meanwhile, Charlie was threatening to "get the law or something" to free him and his bride of the curious who have invaded his parents' mountain home.

What with all the visitors, he complained, he can't get on with the home he plans to build on his own 40 acres.

Ulster Medicos Hear Dr. Thompson

(Continued from Page One)

attorney for the Board of Supervisors.

In the discussion which followed and which was generally participated in, there seemed to be agreement that there was great need for a place where those suffering from communicable diseases could be isolated and given proper treatment—referring not only to residents of the city, but of the county as a whole.

In response to a suggestion that such a hospital might be erected near the TB Hospital, with resultant reduction in the possible cost of operation, Mr. Holcomb believed that such a plan might prove feasible.

At the conclusion of the discussion there was unanimous adoption of a motion that a committee be appointed to confer with Mayor Heislman and the board of supervisors as to the advisability of constructing a communicable disease hospital for city and county use.

Vote \$30 to Red Cross.

Before adjourning the business session the society voted to donate \$30 toward the Red Cross fund for relief of flood sufferers in the mid-west.

County Firemen Get Fund Appeal

John T. Groves, president of the Ulster County Volunteer Firemen's Association has issued an appeal to all fire companies and members of the Ulster County Volunteer Firemen's Association, to answer to the appeal made by the Red Cross for funds for the flood sufferers.

President Groves in his call says: "The greatest alarm of all time has been sounded by the American Red Cross for assistance in their task of aiding and comforting in every possible way those unfortunate souls who have lost all their worldly possessions and who are suffering the ravages of hunger and disease as a result of the worst flood and disaster ever known in the Ohio and Mississippi valleys. Let us answer this alarm with the same spirit that has always spurred Ulster county firemen into action." The firemen are urged to mail all contributions to Frank Wynne, secretary of the county association. His address is 44 Lafayette avenue, this city.

Orster Cafeteria Supper

The Woman's Home Missionary Society of the Clinton Avenue M. E. Church will serve an orster cafeteria supper in Epworth Hall Wednesday, February 10. Supper will be served from 6 o'clock until all are served.

At Kingston High School

More students may be seen wearing sport coats purchased from many of Kingston's merchants. With December sales he has fitted out many of them and has recently received a new lot that are sold now at \$15.00. His store is next to Rose & Gorman's.

HAPPINESS FROM A PICTURE

Tears came smiling through on the faces of these flood refugees when Associated Press photographers finally located them in a cold, waterfront camp at Louisville to deliver a box. Inside the parcel was clothing from R. E. Mobley of Albert Lea, Minn., who simply had attached an Associated Press picture and the note: "Please somebody see that this family gets this box." (Associated Press Photo)

Levees Are Proved Say U. S. Engineers

(Continued from Page One)

ley was inevitable. hopes of the vast army of flood fighters along a thousand miles of waterfront were raised by confident assertions of engineers that victory was in sight.

High winds which had driven choppy waves against the valley's defenses from Cairo to the Gulf of Mexico had subsided and engineers said, barring additional rains to stir the river into new fury, the flood waters should roll down the valley without the collapse of a single barricade.

But the wide valley, accustomed to the vagaries of the capricious stream, figuratively crossed its fingers and awaited developments. The beleaguered seawall city of Cairo, at the confluence of the Ohio and the Mississippi, was doubly alert.

Some thought the great had passed last night after the river had remained stationary for 15 hours but, when it again began to creep higher, the Coast Guard ordered its first all night patrol along the levee front.

Flood Crest Soon

Earlier, Major R. D. Burdick of the army engineers predicted the Cairo gauge might rise slightly during the next two days, but was unworried.

"The crest is in sight and the magnitude of the stage has been pretty definitely indicated," he said.

New Madrid, Mo., below Cairo, was saddened by word that the bodies of 15 victims of Saturday night's barge sinking had been recovered and 14 still were missing. Army engineers said dredging operations in the spillway where the barge sank would continue until all bodies had been recovered.

Fair weather encouraged a crew of men who worked indefatigably to hold the Hickman, Ky., seawall. Tip-tonville, Tenn., was nearly surrounded by water but the situation had brightened considerably since flood waters broke through two sections of the slough landing near Bessie, Tenn. Dikes at Mellwood and Ferguson, Ark., were watched closely for signs of weakness.

Cold added to the hardship of thousands of refugees in Arkansas and they huddled around stoves in hilltop camps. The Red Cross said 200,000 lowlanders in the Mississippi valley had been driven from their homes.

Arkansas' governor, Carl E. Bailey, gave the Red Cross complete charge of relief activities in the state where he said it would be necessary, for a time, to feed, clothe and shelter 50,000 citizens.

The Red Cross relief fund neared the \$11,500,000 mark and the Senate pushed plans to send the \$790,000,000 relief appropriation bill to President Roosevelt before WPA funds are exhausted. Senator Robinson, the Democratic leader, indicated the government would attempt again to hobble rebellious rivers through a national control system constructed over a span of years.

Coal Truck Hit Locomotive Today

About 11 o'clock this morning one of the coal trucks from the coal yard of Leon Wilber on Tremper avenue while going through O'Neil street skidded on some ice and collided with a locomotive on the Catskill Mountain Division of the New York Central Railroad on the O'Neil street crossing. The truck was being driven by Jacob Scism, according to the police report. He was not injured, but the truck was somewhat damaged.

Union Leaders Confident

San Francisco, Feb. 3 (AP)—Union leaders were confident the Pacific coast maritime strike would end tonight or tomorrow in spite of an unforeseen complication—the weather. Stormy weather delayed distribution of ballots in the northwest and San Diego to the International Longshoremen's Union, largest of the seven involved, in the 37-day walkout, and officials said it probably would not be possible to announce the complete tabulation as planned for noon today.

Ejected Vice President

Akron, O., Feb. 3 (AP)—The Good-year Tire & Rubber Co.'s plant No. 2, employing 5,000 persons, was closed today after a dispute in which workers were reported to have forcibly ejected Vice President C. C. Sizer from the fire building department.

And now... says the captain, "if you're no objection, we'll go to the plane and we'll make an inspection. To see if it's ready to start on the trip. It shoots like a bird off the side of the ship."

Food to Be Gathered For Flood Victims

At the request of the National Red Cross, a county committee has been appointed to solicit foodstuffs for the flood victims in the Ohio and Mississippi valleys. A meeting was held Monday evening, and early indications are that one or two freight car loads of food will be shipped on Tuesday, February 9. As soon as it is loaded it will be turned over to the local Red Cross. Instructions as to destination will be received from the National Red Cross headquarters.

Albert Kurdt, manager of the Ulster County Farm Bureau, has been selected as chairman of the county committee. Those desiring to contribute or secure additional information should contact the nearest county committee member. The county committee members will act as regional chairmen and ask representatives of all organizations to cooperate. A special effort is being made to secure potatoes, carrots, eggs, fruit, turnips, cabbage and all kinds of canned goods.

This is part of a state-wide movement to help supply food for the flood victims. The committee is very anxious to give everybody an opportunity to contribute any of the above food articles. The local chairman will arrange for central points to gather the supplies and see to it that they are transported to the car on the West Shore siding at the freight yard in Kingston.

The complete county committee is as follows: Albert Kurdt, chairman; Mrs. Hugh Ferguson, Lake Katrine; George Sallie, Saugerties; Harold V. Story, Ulster Park; Nathan Williams, Highland; Kenneth Taber, Milton; Frank Gaffney, Clintondale; Mrs. Fred Meredith, Wallkill; Harry Snyder, Cottekill; Mrs. Charles T. Everett, Wallkill; the Rev. Philip A. Solbjor, Modena; John Zauner, Mt. Tremper; Mrs. Floyd McKinstry, Gardiner; Fred DuBois, New Paltz; L. C. Dixon, R. D. 3, Kingston; C. L. Allen, R. D. 3, Kingston; Franklin Kelder, Accord; Eckert Schupp, Spring Glen; Henry Mollenhauer, Rosendale; and Mrs. Mason Grant, Napanoch.

This is a fine opportunity to contribute foodstuffs to people who are in dire distress. The movement should not conflict with any other activities to secure money and clothing. Many who may not feel able to contribute cash, will be glad to give a bushel of potatoes or some other semi-perishable food, including canned goods.

Will Give Cent a Gallon to Red Cross

An advertisement appearing in The Freeman this evening headed, "You Can Do Your Bit!", announces that the Longendyke Service Station, Washington and Hurley avenues, will give one cent on each gallon of gas to the Red Cross.

The advertisement states: "You can do your bit! Starting Wednesday morning and continuing for two weeks, one cent on each gallon of gas purchased at our station will be donated to the Ulster County Red Cross for their flood relief fund. No increase in prices."

Beck's Market Has New Sign.

One of the largest all-neon signs in Kingston, reaching from the first floor to the roof, has just been erected on the front of Beck's Broadway Market. The new stream-lined sign was designed and sold by the Modjeska Sign Studios.

Long Recital Heard, Woodstock Church

Woodstock, Feb. 3.—A song recital was presented in the Woodstock Dutch Reformed Church Monday evening by the Catskill Glee Club conducted by Roland E. Heermance. The performance was a benefit for the Woodstock Winter Sports Association. The club formed 10 years ago in Catskill is not unfamiliar to Woodstockers, for the club came to Woodstock several times in the early years of its organization.

A pleasantly varied program had been arranged, including such contrasting numbers as the old favorite, "Annie Laurie", the sprightly "Galway Piper", "Shortnin' Bread", the "150th Psalm" and a traditional chautauy, "Shenandoah".

The program opened with a group song "Wait Thee Not Dearest", a Czechoslovakian folk song by Deems Taylor.

This was followed by an incidental solo by Willett Overbaugh, baritone and members of the glee club. His selection was "Swingin' Vine", a well known southern song.

Sue Warington, soprano soloist who sang recently with the club in Schenectady, was featured in the evening's recital. Her first number "Valley of Laughter", lent itself admirably to her full rich voice. Her second offering, "Sundown" by Woodman was a composition calling for gentler tones. In her second group of songs, later in the evening, she substituted "Sometimes at Close of Day" by Clara Edwards and "Take Joy Home" by Bassett for the two she was to have sung with Howard Muller, president of the glee club, whose illness prevented his presence. The first of these, gentle and wistful, contrasted with the second, an emotional composition which brought out the wide range of dramatic expression in her voice. Her accompaniment was Carrie I. Person. At the close of the latter group she obliged her listeners with a short encore.

The other soloist, Donald S. Fellows baritone, sang the rich and powerful strains of "The Trumpeter" by Dix, and the gay rollicking "Shortnin' Bread" by Wolf. As an encore he sang "Mother Machree".

An arrangement of "Annie Laurie" by Dudley Buck had been selected in which the swelling and fading of many humming voices provided an effective background for a few singers.

In the "Galway Piper" the Clough-Leigher version of an old folk song the accompanist, Evelyn F. Freer played an important role, accompanying the male voices with a piano arrangement of sweet and sprightly pipe music.

Another incidental solo was presented by Eugene Keyser who sang a soldiers' marching song "Why Don't You Try?" by Pietra You.

Other numbers well received were "Songs my Mother Taught Me" by the composer Dvorak, which the club dedicated to the world's mothers; and the "150th Psalm" by Frank which they dedicated to the Rev. Harvey I. Todd, minister of the Woodstock Dutch Reformed Church. This well known and beautiful psalm was presented in tones of rich exultation, rising to the full power of the clear strong voices of the group.

The last number was followed by an encore insisted upon by the applause of the audience.

Other songs included in the program were "Sweet Canaan" a negro spiritual by William Reddick, "On the Sea" by Dudley Buck, "Laudamus" by William Owen.

The audience was very responsive.

January Gifts To TB Hospital

The following gifts received during the month of January are acknowledged with thanks by the Ulster County Tuberculosis Hospital: Readers Digest—Mrs. Walter Tremper.

Five bushel bags potatoes—Beatty Farm.

Magazines—Mrs. Eugene Cornwell.

Magazines—Mrs. Churchwell.

Magazines—Mrs. S. S. Smer.

Books—The Rev. Eason, Methodist Church, Saugerties.

Ice Cream—Raphael Cohen.

Ice Cream—Knights of Columbus.

Papers and Journals weekly—First Church of Christ Scientist.

Ice Cream—George Van Anden.

Ice Cream—State Troopers.

American Lutheran, Lutheran Witness and Walther League Messenger—Immanuel Senior Walther League Society.

Daily papers—Kingston Daily Leader.

Only limited supplies of certified seed for recommended varieties of oats are available because of the drought the past growing season, says Professor F. P. Russell of the New York state college of agriculture. He suggests that farmers place orders early and that they get their dependable seed sources from the county agricultural agent or from the department of plant breeding at Cornell.

HOPKINS GOES TO FLOOD FRONT

Harry Hopkins, chief of the flood investigation committee named by President Roosevelt, is shown as he conferred at Memphis with Major-General E. M. Markham, chief of army engineers. Hopkins was to make a detailed report to the President on his boat's eye view of the distressed areas. (Associated Press Photo)

ACCORD.

Accord, Feb. 2.—District Deputy R. D. Robinson of Wallkill Council Jr. O. U. A. M., at Middletown installed the officers of Accord Council, No. 51 on Friday evening, January 29. He was accompanied by Councilor Werlow and Recording Secretary Horick. The new officers of Wallkill Council, Linden Bull, secretary of the Federated Councils, was present and acted as conductor. The officers for the coming year are Councilor, John Deputy; vice councilor, Elton Quick; recording secretary, Percy Barley; assistant recording secretary, Percy W. Gazley; financial secretary, Lloyd P. Barley; treasurer, Lewis H. Miller; conductor, William Anderson; warden, Fred Sheeley; inside sentinel, Fred Simpson; outside sentinel, Oscar Coddington, junior past councilor, Raymond Lawrence; chaplain, George Coddington; representatives to state convention W. C. Schuler and William Osterhout; alternates, Raymond Lawrence and George Coddington; trustees, Oscar Coddington, Ferris Turner and Percy W. Gazley. The Men's Club journeyed to Pine

Bush on Monday evening to play dart ball with the Dutch Arms there. The Men's Club led in all three games by the scores of 13 to 2, 10 to 1, 3 to 2.

The Ladies' Aid of the Reformed Church will hold their regular monthly meeting at the home of Miss Edna Baker on Wednesday, February 3. A pot luck luncheon will be served at noon.

Friends of Mortimer Block are glad to see him about again after having been confined to his home by illness.

Mr and Mrs. Louis Fred of Lieberhardt are receiving congratulations over the arrival of a son at Veterans' Memorial Hospital in Ellenville.

The 4-3 members and all those who in any way assisted with the Christmas pageant held at the Reformed Church are invited to a Valentine party to be held at the home of Mrs. John Miller on Monday evening, February 15. Mrs. Percy Gazley, local representative of the American Red Cross, will be glad to receive any contributions for that organization.

The World of Stamps

Known to collectors as the "Aguinaldo issues," a group of stamps issued in the Philippines nearly 40 years ago is finally receiving catalogue recognition.

Although the exact date of their appearance is not certain, the stamps are inscribed 1898 and 1899, the time that Republica Filipina existed under the presidency of General Emilio Aguinaldo.

The latest issue of the U. S. catalogue classifies these stamps under "Filipino revolutionary government issues." It lists 21 major varieties divided into postage, registration, newspaper, revenue and telegraph stamps as well as revenue stamped paper. Apparently, except for the revenue stamped paper, the various types were used indiscriminately in the mails.

In unused condition the stamps are fairly common and have a low market value. However, those bearing cancellations or attached to covers are considered quite valuable, comparatively few are known to exist in this condition. No doubt they were not so widely used in the mails as then set up under Aguinaldo.

Letters "K K K" Used.

Each of the stamps, besides the dates, bears the letters "K K K." They represent the first three words of the society known in the Tagalog language as "Katang-Tasang Kalagayan Kaptipunan Nag Mangag Anak Nag Bayan." Roughly translated this is "Sovereign Worshipful Association of the Sons of the Country."

Also the central part of the designs, for the most part, consists of a sun, a sun within a triangle, a star or three stars arranged to form a triangle.

The late Col. George S. Goodale, who served in the American army in the Philippines, was instrumental in obtaining most of the data about the Aguinaldo stamps. He explained that the Katipunan Society was a patriotic secret society, masonic in many of its usages, but with its main objective the banding together

of Filipinos seeking independence from Spanish rule.

When Admiral Dewey captured Manila, the Republica Filipina was in control of all the islands except Manila and vicinity and the naval station at Cavite. The Philippines cooperated in the capture of Manila, but in the Spanish surrender there was a proviso that Filipino insurgents not be allowed to enter the city.

This development created much disappointment among the Filipinos, terminating in an insurrection that lasted more than two years.

Sent Home As Souvenirs.

During this period, American soldiers found plenty of evidence of the activities of the republican government, including establishment of postal and other services for which stamps were printed. Many of these stamps were found and sent home as souvenirs. Some soldier collectors like Colonel Goodale tried to obtain as many varieties as possible.

In the catalogue classification there are three postal varieties, all 2-centavo red of slightly varying designs. There is one registration stamp, 8-cent green, also one newspaper stamp, 1-cent black. The revenues include a 10-cent brown and another brown stamp without face value, while the telegraphs are a 2-cent purple and a 50-cent dark blue. The revenue stamped paper consists of 8 values, 25-cent to 20-pesos. These designs are much larger than the others.

Woodstock Flood Fund Was \$500

Woodstock, Feb. 3.—Mrs. William Downer, president of the Red Cross, reports that funds being raised in Woodstock for flood relief have reached almost \$500, a very gratifying amount. In addition to this is a fourth truck load of clothing and bedding is about to be sent. People are responding generously with gifts of warm clothing, thick blankets and new quilts. There is scarcely a person approached who has not given something, no matter how small the contribution may be.

Flatbush.

The Flatbush Home Bureau met at the home of Mrs. Christian Ducker recently. The ladies are planning to recane chairs and orders were taken for cane. Mrs. Ducker repeated the lesson on "Color in the Kitchen," which was enjoyed by those present, who were: Mrs. Alvin Paley, Mrs. Harry Durling, Mrs. Anna Miller, Mrs. Harold Osterhoudt, Miss Mary Osterhoudt, Mrs. Frederick Kukuk and the hostess and leader, Mrs. Ducker.

Two sisters, separated for more than 30 years and by nearly half the distance around the world, were happily reunited recently in New York city by means of a radio broadcast program and a long distance telephone call.

HELPFUL ADVICE TO ACNE SUFFERERS

For acne pimples affecting the outer or surface layer of the skin, here is advice that will help improve your complexion.

Every night at bedtime, wash your face thoroughly with Resinol Soap and hot water. Do not rub. Follow with a dash of cold water and dry thoroughly but gently. Then apply Resinol Ointment to the affected skin and leave it on all night. Do this every night, and watch the improvement.

Local treatment is advised as a helpful aid in acne cases, and for more than 40 years the ingredients of Resinol have been found effective.

Resinol benefits by treating the irritated oil ducts, where most surface pimples start. In this way it aids healing of such pimples and also tends to check their recurrence.

Buy Resinol Ointment and Soap in any drug store. For free sample, write to Resinol, Dept. 13, Baltimore, Md.

CROWD CHEERS TIGER'S ATTACK

Here is a closeup view of a tiger clawing his trainer, Capt. Ramon Proske, during an act at a Los Angeles theater. The showman was sitting on the great cat when it suddenly whirled and attacked him. Proske was severely injured. The audience, not sensing the viciousness of the spectacle, applauded throughout. (Associated Press Photo)

On The Radio Day By Day

By C. E. BUTTERFIELD

Time is Eastern Standard.

New York, Feb. 3 (AP).—Boy Scouts of America celebrate their twenty-seventh anniversary next Monday. President Roosevelt will be on the air to deliver a message to them from the White House. He is to speak for 15 minutes via CBS and WJZ-NBC after an introduction by Walter W. Head, Boy Scouts president. Dr. James E. West, chief Scout executive, also will talk. This program is at 5:30. It will be followed by another, on WEAF-NBC at 6, with Fred Waring and his musical organization providing a special musical half-hour.

ON THE WEDNESDAY NIGHT LISTS:

WEAF-NBC—7:30, Famous violin recital; 8, One Man's Family; 9, Fred Allen Town Hall; 10, Hit Parade; 10:30, Meredith Willson's Music; 11:30, Glen Gray Orchestra.

WABC-CBS—8, Cavalcade of America; 8:30, Burns and Allen; 9, Nino Martini; 9:30, Jessica Dragonette in "Rio Rita"; 10, Gang Busters; 12, Ozzie Nelson's Orchestra.

WJZ-NBC—8, Beatrice Lillie; 8:30, Ethel Barrymore Play; 9, Professional Parade; 10, Description of Underwriters' Laboratories, Chicago; 10:30, Tales of Opera; 12:30, Lou Breeze Orchestra.

WHAT TO EXPECT THURSDAY:

YOUR INCOME TAX

No. 9

Exemptions Allowed Couples Married During Taxable Year

Taxpayers should note that under the Revenue Act of 1936 the credit for dependents as well as the personal exemption is required to be prorated where a change of status occurs during the taxable year and that these credits are allowable not only for the purpose of computing the normal tax, but also the surtax. A fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is considered a month.

For example, a single man and a single woman who were married on July 20, 1936, and were living together on the last day of the taxable year, may file a joint return. If they file their return or returns on the basis of the calendar year, they would be entitled to a personal exemption of \$2,208.34, which is seven-twelfths of \$1,000 for the husband while single, plus seven-twelfths of \$1,000 for the wife while single, plus five-twelfths of \$2,500 for the period during which they were married. If separate returns are filed, each is entitled to a personal exemption of \$1,104.17, which is seven-twelfths of \$1,000, plus one-half of five-twelfths of \$2,500. If during the year 1936 the husband or the wife had the status of the head of a family prior to their marriage he or she would be entitled to his or her pro rata share of the personal exemption of \$2,500 allowed the head of a family for the period prior to their marriage instead of merely that allowed

Hold In Slaying

What Congress Is Doing Today

(By The Associated Press)

Senate

Continues debate on \$900,000,000 relief-deficiency appropriation bill.

House

Resumes consideration of billion dollar independent offices appropriation bill.

Labor committee meets in closed session, to consider resolution calling on Labor Department for automobile strike information.

Interstate commerce committee continued studying repeal of "long and short haul" rule; agriculture committee studies farm tenancy.

Old shingle roofs that spring leaks here and there may have their lives prolonged by slipping small sheets of weather-resisting metal under the shingles that have given way. These metal sheets may be painted where they show to match the color of the roof and will be hardly noticeable.

Congress Has Flood Relief at Top; Plans Vast Control Act

Washington, Feb. 3 (AP).—Congress kept flood relief needs at the top of its agenda and looked ahead as well to a vast plan for hobbling all rebellious rivers.

Terming that larger task "the most gigantic ever undertaken in the United States," Senator Robinson, the Democratic leader, told the senate there was "no question" that the government would find necessary millions.

In words taken to reflect administration intent, he advocated a national control system—including levees, floodways, reservoirs and cut-offs—to be constructed over a span of years.

In the face of costly failures of the past this would be another historic attempt to forestall such catastrophes as that which has afflicted the mid-west.

The senate worked first on the immediate problem, hoping to send the \$790,000,000 relief appropriation to President Roosevelt before WPA funds are exhausted. Admiral Cary T. Grayson, Red Cross chairman, informed him its fund approached \$1,500,000.

Aubrey Williams, of WPA, said the presidential flood committee found "conditions not as bad as we thought they would be." He tempered the optimism with a remark that rains over the Arkansas and Red rivers might aggravate the Mississippi situation.

Dozen Plans Presented.
A dozen flood control plans were before congress, awaiting both the special committee's report and the water resources study already on the President's desk as other bases for a unified system.

They took two general forms: Establishment of federal agencies, modeled on the Tennessee valley authority, to build reservoirs, reforest land, develop power, and check soil erosion in the chief river basins. Expenditure of from \$20,000,000 to \$75,000,000 annually under the flood control act passed by the last congress. This authorized about \$400,000,000 worth of dams, levees, and spillways. No appropriations under it have been made.

Legislation to set up an Ohio valley authority, patterned after TVA, was being drafted by Senator Barkley (R-Ky.), who suggested that the surplus power generated at its reservoirs might be easily marketed throughout the neighboring industrial areas.

A similar bill, submitted by Senator Buckley (D-O.), would authorize the expenditure of \$150,000,000 by the Ohio valley authority for buying marginal land, planting timber, checking soil erosion, and building flood control projects. It does not provide for the production or marketing of electric power.

Nothing that the TVA had prevented flood damage in the Tennessee valley "in spite of heavy rains," Senator McKellar (D-Tenn.) said he would favor similar developments along other water-sheds.

Winter Comes to New York at Last

(By The Associated Press)

Winter, apparently determined to bear out the groundhog's prophecy, descended in full force on New York state today.

Hard on the heels of a sunshiny Candlemas Day, during which the groundhog must have seen his shadow, came snow flurries, the lowest temperatures of the year, and high, chilly winds.

The mercury ranged from zero at North Creek to 12 above in New York city and Buffalo. Snow flurries which began last night in the western section continued in Syracuse and Buffalo, and Rochester reported a half inch of snow.

The Weather Bureau said the 8 degrees registered in Albany was the lowest since the 4 degrees registered early in December. New York city's 12 degrees equalled the winter's low mark, set December 1.

EUCCHARISTIC CONGRESS OPENS AT MANILA TONIGHT.

Manila, Feb. 3 (AP).—The thirty-third International Eucharistic Congress was opened this evening by Dennis Cardinal Dougherty of Philadelphia, personal representative of Pope Pius, before tens of thousands of Catholics massed in Luneta Park beside Manila Bay.

Enthroned on the mammoth open-air Eucharistic altar, the Cardinal saluted the first great congress of the church in the far eastern world. Priests and prelates from all parts of the globe swelled the throng of Oriental churchmen gathered for the colorful opening ceremonies.

Replying to the Cardinal's opening words, Archbishop Michael J. O'Doherty of Manila told the congress the Pope's own intention for the congress is "to bring peace to the distracted world."

"The Catholic Church reminds all governments of the world that they cannot obtain peace without the charity of God," said the Archbishop.

He called the present era one of "brazen falsity" and named as "wreath of all the unspeakable communitas" who, he said, "deny the authority of God."

Addressing Pope Pius in Vatican City, was informed by cable of the congress opening.

Notable Comments.
Joseph H. Netherwood, of 181 Pimlico street and Roscoe C. Hudson of 145 Hunter street, Kingston have been to the congress. They are conferring a business in Kingston and vicinity under the style of Joseph H. Netherwood.

WHAT CAUSES SPRUPT? IS THERE A CURE?

A booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, with any order for a copy of "The Spruption" by Dr. J. H. Netherwood, New York, N. Y., Box 1512.

8,000 Homes Under Water In Paducah

Paducah, Ky., was an all but deserted city as nearly every residence—PWA engineers put the figure at 8,000—was entered by the Ohio's flood waters. A health officer, fearing widespread disease epidemics, said it would "not be safe to reside in Paducah for at least a month." In this view of the stricken city fire ravages a group of abandoned homes (Associated Press Photo)

Contributions to Local Red Cross

Following are additional contributions to Ulster County Chapter, American Red Cross, for the flood sufferers:

BOY SCOUT SERVICE AT BAPTIST CHURCH.

Next week is Boy Scout Week, and the program for that week will be started by a scout service at the Albany Avenue Baptist Church this coming Sunday, February 7, at 7:30. All of the troops of the Kingston district have been invited and are asked to bring their flags. Four short addresses on "The Value of Scoutism" will be given by the following speakers in the order named: Secretary Robert L. Sison of the T. M. C. A.; Principal Clarence L. Dunn, of the Kingston High School; Eugene A. Proctor, chairman of the Kingston district and a past commander of the American Legion; and the Rev. Arthur E. Oudens, minister of the First Reformed Church. The four addresses will include the value of scouting to the physical life, to the intellectual life, to the community life and to the moral and religious life. This service, held each year in a different church, is becoming an annual observance. A cordial invitation is extended to all who are interested in the life and welfare of boys.

NEW HURLEY

New Hurley, Feb. 3.—Nearly \$60 was cleared at the roast beef dinner held in the New Hurley Reformed Church last Thursday evening.

Mrs. Rufus Jenkins and Mrs. Cora M. Jones of Modena were recent guests at the home of Mrs. Isaac Sutton and daughter.

The Rev. and Mrs. Leonard and

ALL THIS WATER—PHOOEY!

Floods may come and floods may go, but baths go on forever. 3-year-old Vernon Magee found his tears mingled with soapy water as his mother, Mrs. Z. K. Magee, scrubbed him in a Union City, Tenn. store where 134 refugees found shelter. (Associated Press Photo)

SALVAGE WORK BEGINS

Refugees and relief workers searched through the debris in Louisville streets in an effort to salvage all usable goods. As the yellow, muddy flood waters of the Ohio flowed backed out of the city, they left behind many treasured objects such as the one pictured here. (Associated Press Photo)

Little daughter, Jane, and Mr. and Mrs. Harry Aches of Chatham, were recent guests at the home of the Rev. and Mrs. Vernon O. Nard.

Mrs. Felix Dufosse was a recent visitor in the city.

Mrs. Deborah Shaw of Modena spent Saturday at the home of Mrs. Isaac Sutton and family.

The first of the New Hurley Reformed Church's week-end school at 11 a. m. and Sunday school at 10 o'clock. Christian Endeavor meeting Sunday evening at 8 p. m.

Topic for discussion will be the "Parable of the Church." Greater

Hand-Set Phones At Same Price Soon

New York, Feb. 3 (AP).—The Public Service Commission, it was announced today, has ordered the New York Telephone company to eliminate the extra monthly charge for hand set telephones starting April 1, to all subscribers who have paid the charge for two years.

Other subscribers will be relieved of payments when they reach the end of a two-year subscription period. At the end of this year the period of payment will be reduced to 15 months, so that after January 1, 1936, the commission said, all subscribers who have paid the charge for 18 months will thereafter be relieved of further monthly payments.

There will be savings of about \$820,000 to subscribers on April 1. When the period is reduced to 15 months the savings will be about \$1,150,000 annually.

St. Ann's Men Club Plan for Dance

The newly organized young men's club of St. Ann's, Sawkill, will sponsor an entertainment and dance in the parish hall on the evening of February 20. The purpose of this affair is to assist the Rev. Joseph W. Hughes, newly appointed pastor, in financing the parish work through the winter months. The affair will take the form of a feast day celebration as the day before is the feast of St. Joseph for whom Father Hughes was named. This promises to draw a large crowd as a number of people from Kingston have already expressed their desire of helping to make it a real success.

As St. Ann's and the church at Ruby have a small congregation during the winter, these affairs are about the only way this priest has of obtaining funds necessary for the upkeep of the two churches and rectory.

Father Hughes has been greatly encouraged by the fine spirit of co-operation displayed by the people. The committee promises excellent entertainment and music.

Tickets may be purchased at the Kirkman Hotel and at the office of William Kelley, 40 John street.

REG'S ALL STARS WIN BASKETBALL GAME 45-30

Reg's All Stars of Port Ewen beat the Methodist Episcopal Church team on their court by the score of 45-30. Bob Walker was the high scorer for the winners with 16 points. Scott was high scorer for the losers with 12.

Reg's All Stars (45)—Bill Prendergast 8, Paul Mercier 8, Bob Walker 16, Buzz Barton 8, John Coniglio 5.
M. E. Church—Joe Clark 8, Fred Clark 4, Vin Scott 12, Tom Block 4, Tinney 2.
Referee—Chick Prendergast.

Rain Is Forecast

Washington, Feb. 3 (AP).—The Weather Bureau forecast rain to-night in parts of the Mississippi and Ohio flood-stricken area. It will turn to snow Thursday, the flood division said, but the precipitation will be light and cause no trouble. W. J. Moxom, chief of the flood warning service, said the general outlook "was still favorable" with high water expected to continue until Sunday at Cairo, Ill.

O. L. Amster, principal of Boys' high school of Decatur, Ga., received his degree from the North Georgia College at Dahlonega in 1918, while serving with the 15th Infantry in the trenches in France.

Coldest Weather Of Winter Grips City; 10 Above

Kingston was in the grip of the coldest weather of the season last night and this morning with the official city thermometer recording a low of 10 degrees above zero at 7 o'clock this morning. According to the city thermometer the mercury dropped to 11 above zero at 8:30 o'clock last night and clung steadily at that point until 7 o'clock this morning when it dropped one degree to 10 above, the lowest mark recorded so far this winter.

In other sections of the city thermometers registered as low as 8 above zero at 7 o'clock this morning. All during the night and this morning a biting chilling wind blew through the streets making it appear much colder than it really was.

Many owners of automobiles had difficulty this morning in starting their machines.

Last night also marked a record in continuous cold in the city with the mercury standing at 11 above all night and until 7 o'clock this morning.

Orthopedic Clinic

A state orthopedic clinic will be held in the rooms of the Board of Health in the city hall on Friday, commencing at 10 o'clock this morning. Dr. Wilson of the state health department will be in charge of the clinic.

ONE slip—a bad fall—and you're laid up for several weeks, perhaps with hospital, doctors and medical bills.

FINANCIAL AND COMMERCIAL

By CLAUDE E. JACOBSON

New York, Feb. 3 (AP).—A slight rift in labor clouds, in addition to a further revival of business cheerfulness, spurred selected stocks on a climb to new recovery heights today.

Steels, along with a wide assortment of rails and specialties, were among the favorites. U. S. Steel, just under par, and Bethlehem posted peak marks for the past 6 years or longer.

There were a number of hesitant issues near the final hour, and quite a few losses, but gains of 1 to 3 points were in the majority. The trading pace was comparatively slow after a speedy opening. Transfers were around 2,400,000 shares.

Notable gainers during most of the proceedings, included National Steel, Crucible, Electric Auto-Lite, Santa Fe, N. Y. Central, Great Northern, Southern Pacific, Southern Railway, Chesapeake & Ohio, Northern Pacific, Amerasia, Texas Corp., Howe Sound, Anaconda, Westinghouse, Crown Cork, American Chain, American Car & Foundry, Lima Locomotive, American Locomotive, Loew's, American Metal, People's Gas, Lone Star Cement, J. I. Case, Montgomery Ward, Gimbels, Deere and Oliver Farm.

Lacking vitality were American Can, Allied Chemicals, du Pont, Douglas Aircraft, United Aircraft, American Telephone, Western Union, General Electric and Consolidated Edison.

Quotations given by Parker McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York city; branch office, 282 Wall street.

Small Auto Groups Improve Position

Preliminary retail sales figures indicate that Chrysler and the small auto manufacturers have been improving their competitive position in the industry since the start of the 1937 model selling season. The General Motors strike has been a factor, although start of the trend was noticeable in November and December, first two months of the 1937 model year.

Sears Roebuck declared a 75 cent quarterly dividend vs. 50 cents paid quarterly in 1936. Union Tank Car raised quarterly to 40 cents from 30 cents. Crum & Forster Insurance voted 30 cents against 25 cents paid three months ago. Fajardo Sugar authorized \$1. Socony-Vacuum Oil voted 25 cents. American Water Works declared 20 cents. Columbia Carbon authorized a 50-cent special, plus the regular quarterly. Butler Bros. declared 15 cents.

Estimated 1936 net of American Smelting & Refining was over \$50 a common share, highest since 1929, compared with \$5.01 in 1935.

New York Telephone reported January gain of 12,599 stations against 6,440 gain in January, 1936.

Bethlehem Steel received 4,000 contract from Glenn L. Martin Co.

Apollo Steel announced \$2,250,000 expansion program.

Demand for new steam power equipment is on the increase. Babcock & Wilcox is expected to report 1936 net well above \$2 3/4 a share earned in 1935.

Stock volume Tuesday was 2,430,000 shares vs. 2,360,000 shares Monday. Government bonds were up, corporate bonds slightly lower. Commodities averaged a little firmer. Export copper price rose to 12.92 cents a pound. Platinum was raised \$10 an ounce.

5-Billion Program Sent to Congress

(Continued from Page One)

could be obtained by building 39 of these reservoirs, about half of which are judged to be economically justified at this time.

The committee dealt with problems of water conservation, irrigation, power, navigation and drainage as well as flood control in the river basins.

It said 71 government agencies had submitted nearly 10,000 projects, which were classified to cost in each fiscal year as follows:

\$1,058,568,650, first year.
\$391,762,372, second year.
\$809,801,835, third year.
\$760,410,881, fourth year.
\$737,084,401, fifth year.
\$753,733,438, sixth year.

The money would be spent in these percentages: Streets, highways 25; irrigation, drainage, flood control 24; buildings, equipment 17; soil conservation 6; forestry, game protection, pest control 6; grade crossing elimination 6; navigation aids 6; slum clearance, sewage, recreational projects, etc., 8.

Emergency Favored
In line with the report of the President's committee on government reorganization, this group headed by Secretary Ickes favored a permanent public works organization and an advisory resources board in the government.

Responsibilities of the public works branch "would include preparation and annual revision of six-year public works program, negotiation for division of costs between federal, state and local governments, and the allotment of funds to federal and non-federal agencies."

Congress would approve the general program, but decisions as to the order of work and the constructing bureau would be left to the executive arm of the government.

Besides Mr. Ickes, the committee includes Secretaries Wallace, Roper, Perkins and Woodring, Frederic A. Delano, Harry L. Hopkins and Charles E. Merriam. The executive officer is Charles W. Elliot, Ltd.

New Social Club
The newly organized Social Club of Ketchikan and Accord held an election of officers on Sunday evening, January 31. The following officers were elected: President, David Lank; vice president, Sam Stein; secretary and treasurer, Esther Benson; executive committee, Pearl Cephal, David Letucky, Sam Revan.

Price Increase
Notice has been received by the local Steam Clothing Store that there will be an increase in the price of their clothing. The new price will be \$17.50 and will be effective about the 15th of February. This is the second increase in price since the establishment of the store in Ketchikan several years ago. The first increase was from \$12.50 to \$15.

Body of Dr. Davis Found, G-Men Say Youth Confesses

Willow Springs, Mo., Feb. 3 (AP).—A saw-toothed young farmer-kidnaped officers today to the bullet-riddled body of Dr. J. C. B. Davis, 67, this Ozark country town's leading physician and foremost citizen.

Earl J. Connelly of the Federal Bureau of Investigation said over-riding Robert Kenyon, 20, confessed killing Dr. Davis after luring him into the country last week on a false call for medical aid.

The kidnaper demanded \$5,000 ransom which the physician's family tried unsuccessfully to pay.

Kenyon was spent to an undisclosed jail some 80 miles away after he directed officers to Dr. Davis' body in an Ozark thicket.

The transfer was made in the dark hours before dawn, before sentiment could crystallize in this town of 1,500 where Dr. Davis had spent his life in medical practice and civic and political activity.

"The man responsible for the crime led us to the spot," Connelly said. "He gave us sufficient information that we knew he was the kidnaper and then he took us to the body."

Asked if Kenyon had signed a written confession, Connelly said: "He won't have to have a signed confession."

He would divulge no further details of the youth's purported admissions.

News of Interest to Members of Fraternal Societies

Camp 30, P. O. A., will meet in Mechanics Hall, 14 Henry street, tonight at 7:30. After the close of the meeting there will be a public card party at 8:30.

Owing to the death of Mrs. E. D. Tremper, president of St. Mary's Branch, No. 256, L. C. B. A., the regular meeting will be postponed from Thursday evening, for one week, to Thursday, February 11, at St. Mary's Hall, at 7:30.

Charles DeWitt Council, No. 91, Jr. O. U. A. M., will hold another one of its popular social parties on Friday, February 5, at 8 p. m. Doc and Ray would like to have a large attendance present for they have some surprises to present on this occasion. A cordial invitation is extended to the public.

Joyce-Schrick Post, Veterans of Foreign Wars, will hold its regular meeting in the Dugout, East Chestnut street, Thursday evening. Commander John Green in announcing the meeting said the veterans had been asked to patronize the boatmen's ball in the White Eagle Hall, Delaware avenue, Thursday night, February 4, for the benefit of the flood sufferers.

Rondout Lodge, No. 343, F. & A. M., is planning for a busy winter and spring. On February 15, a social evening will be enjoyed with motion pictures showing flood scenes at Hartford, Conn. On March 1, a dedication program will be given. March 7, there will be a special church service. On March 15, Assistant Grand Lecturer George B. Styles will make his official visit and the second degree will be conferred on a class of candidates. On April 5, the Master Mason degree will be conferred.

Five states, Massachusetts, Maine, Kansas, South Dakota and Iowa, have greater Republican representation in the new congress than in the preceding one.

MARKETS FOR FRUITS AND VEGETABLES

New York, Feb. 3 (AP).—(State Department of Agriculture and Markets.)

Fruit and vegetable receipts from upstate were rather light today, but moderate supplies were on hand from previous arrivals. Demand was generally slow due to the low temperature. The market was about steady for most kinds of produce.

Oranges, Orange county, 30 lb. sack, yellow 60c-70c, some 75c, fair quality, medium size 50c-55c; red No. 1, 75c-81c.

Apples, per bushel basket, tub or open box, New York Kiefer \$1.41-1.50; some \$1.51-1.62; poorer, medium \$1.25-1.30c.

Port Ewen News

Port Ewen, Feb. 3.—The Men's Club will play baseball with the St. Remy team at St. Remy, Thursday evening. The boys of the New Philip's Sunday School class will be from an attack of grip.

Police Force Change To Be Granted

(Continued from Page One)

by the police board will be chosen from a list to be submitted by the municipal civil service commission from among members of the force following the holding of a civil service examination in March, the date to be fixed later. This will be a probation examination and strictly limited to members of the police force only.

The following resolutions were introduced and referred to the proper city boards and departments:

By Alderman Vogel—that Spruce street, Ravine street and Hunter street be rebuilt as WPA projects; that the street light in front of the Radel house on Hudson street be placed near the road.

Alderman Connelly—that a traffic signal light be installed at O'Reilly street and Broadway, and that the same be placed in operation as soon as weather conditions permit in the spring; that as soon as weather conditions permit Brewster street be rebuilt either as a WPA project or by the public works board; that as the roadway of Levan street is badly in need of reconstruction that same be rebuilt as soon as weather conditions permit as a WPA project or else by the public works board.

Alderman Renn—that traffic light be installed at Broadway and Henry street; that Van Buren street be rebuilt.

Alderman Robertson—"I would like to know what progress has been made with the following resolutions which I have submitted in the past: The rebuilding and completion of Clifton avenue from Stephen street to Park street, including Highland avenue from East Chester to Foxhall avenue; the grading and curbing of Tubby street from East Chester to Sylvester street; also the extending through of Wood street from Clifton to East Chester street, and the rebuilding and extension of Van Gaa-beck street through to Sherman street, thence to Clifton avenue, including sewer and water. This street is the only one leading directly to Hutton Park from the south or Broadway end."

Dr. and Mrs. J. C. Scialdo of 277 Fair street are attending the Third District Dental Society meeting in Albany today.

James Longendyke of Lucas avenue has enlisted in the Regular Army, Ordnance Department. He is now stationed at Madison Barracks, New York.

Charles L. Marsh of southern Maryland, is receiving congratulations on his 90th birthday at the home of his son-in-law and daughter, Mr. and Mrs. Frank W. Thompson, 256 West Chestnut street. Despite his years, Mr. Marsh is active and in good health.

Captain and Mrs. Nicholas Hasbrouck of Union City, N. J., visited Kingston recently and returned home accompanied by the captain's sister, Mrs. Nettie H. Davis, who is not enjoying very good health. While in Ulster county, the Hasbroucks visited George C. Hasbrouck and his daughter, Miss Edith M. Hasbrouck of West Park.

Philip Tucker of 85 Spring street today denied at The Freeman that his license had been revoked or suspended as recently announced by the state motor vehicle bureau. "I still have my license and am continuing my taxi business as I have for the past 16 years," Mr. Tucker said.

Surprise Birthday Party

A surprise party was given to little Miss Gloria Miller Friday afternoon, January 29, at the home of her grandmother, Mrs. Anna Onderdonk, 112 Tremper avenue, in honor of her 11th birthday. The little hostess was very much surprised when entering the dining room to find all her friends gathered around the table and a large birthday cake in the center. Following the serving of a delicious buffet luncheon, "Pennies From Heaven" was sung by Audrey Gillen, and "It's a Sin to Tell a Lie" by Gloria Miller. All the children then joined in singing "Happy Birthday" to Gloria. The little hostess received many pretty gifts. Those attending were Audrey Gillen, Shirley Reardon, Anna Mae Belley, Shirley Miller, Delores Miller, Gloria Miller, Walter Richter, Mrs. Anna Onderdonk, Miss Ruth Onderdonk, Miss Leona Lezette, Miss Marge Fay, Mrs. Mae Belley, Mrs. Ada Miller, Mrs. Gertrude Richter and Frank Nager. Early in the evening the guests departed for their homes, wishing Gloria many more happy birthdays and thanking her grandmother for the happy time she had given them.

Miss Margaret E. Rising of Barclay Heights, Saugerties, who has been visiting her sister-in-law, Mrs. Albert Rising, at Kew Gardens, L. I., left on Tuesday with Miss Caro Martino, also of Saugerties, to motor to Florida, where they will spend the rest of the winter season.

Entertained at Bridge and Tea

Mrs. William T. Renison of Barclay Heights, Saugerties, entertained on Tuesday afternoon, February 2, at bridge and tea in honor of her daughter, Mrs. Kenneth Faxton, of Great Falls, Vt. Thirty guests were present and three tables were in play. Several people from Kingston attended. Mrs. Faxton has been making an extended visit with her parents, the Rev. and Mrs. William T. Renison, and will return to her home in Montana next week.

Surprise Birthday Party

A very pleasant surprise birthday party was held in honor of Mrs. Elma Schoonmaker at her home, 96 South Manor avenue. Games were played and a social time enjoyed. Mrs. Schoonmaker received many lovely gifts. The following guests were present: Mr. and Mrs. Ezra Terwilliger, Mr. and Mrs. Ira Bonesteel, Mr. and Mrs. James M. Krom and son, Gerald; Mrs. Lillian Krom, Mrs. Elma Schoonmaker, Mrs. Carrie Thomas and Mrs. Russell Thomas.

Birthday Party

West Shokan, Feb. 3.—On Saturday evening, January 30, a party and dance was held at Roy Van DeMark's hall in honor of Clarence Burgher's birthday. Those attending were: Mr. and Mrs. Albert North, Frank and Harry North, Mr. and Mrs. Clarence Burgher, Lloyd, Edna and Violet Ostrander, Mr. and Mrs. Melvin Barringer, Judson and Claude Barringer, Mr. and Mrs. Len Bell, Mr. and Mrs. Raymond Bell, Jeff Trowbridge, Mrs. Fannie Bice, Mrs. Rachel Wean, Mr. and Mrs. George Burgher and family, Mr. and Mrs. Roy Van DeMark, Idella and Freda Van DeMark, Mr. and Mrs. Don Van Ethen, Neeta and Evelyn Becker, Mr. and Mrs. Ralph Gardner and family, Ralph, Erastus and George North, Sanford Bell and Mr. and Mrs. Norman Swihold. During the evening dancing was enjoyed by all. A lunch of sandwiches, cheese, pickles, cake and coffee was served. At an early morning hour the guests departed reporting a good time and wishing their host many happy returns of the day.

Lowell Club

The Lowell Club met Tuesday afternoon with the president, Mrs. McCombs. The society is studying "The Drama" this year and the meeting dealt with the plays of Sir James M. Barrie and of the famous actress, Maude Adams. Mrs. J. J. Murphy, Jr., gave a description of Barrie's

Lindbergh Takes Off On Long Flight In New Plane

Col. Charles A. Lindbergh (right) is shown at Reading, England, beside the new plane in which he and his wife took off for an unannounced destination, believed to be Cairo, Egypt. With him are F. G. Miles, designer of the plane, and Mrs. Miles. Col. Lindbergh took off from Reading but stopped at Lymington to pick up Mrs. Lindbergh. (Associated Press Radiophoto)

Mary Miles Minter Demands Taylor Case Be Concluded

Los Angeles, Feb. 3 (AP).—Revived by Mary Miles Minter's tearful ultimatum—"prosecute me or exonerate me completely"—the William Desmond Taylor murder case rose to a new climax today.

Taylor, film director, was mysteriously shot to death 15 years ago when Miss Minter was a golden-haired star of the screen.

Yesterday, on the anniversary of his slaying, the macabre puzzle broke into the headlines again. And indignation over what she said was "filthy innuendo" that has gone unchallenged for years, Miss Minter called upon District Attorney Burton Pitts to clear her publicly of all connection with the case.

Through her attorney, Eugene H. Marcus, the comely ex-actress declared: "Louis V. Givis, comedian; Pat Buongiorno, tap dancing and singing; Louis Fuoco, colored mascot; John Vigno, master of ceremonies; Frank Marelli, Jim Guido, Joe Vigno.

Announce Engagement

Mrs. Louise Everett Bolce of St. James street announces the engagement of her daughter, Ruby E. Everett to Clyde W. Miller, son of Mr. and Mrs. Charles Miller of Saugerties.

Rev. C. P. Muyskens Offered Pastorate

The consistory of the Reformed Church of the Comforter, convening in special session last night, extended to the Rev. Cornelius P. Muyskens of Gardiner, a call to the pastorate of the Comforter Church.

The congregation of the church, which has been without a regular pastor since the retirement of the Rev. William F. Stowe last October, met in a group conference last Wednesday and indicated, by a unanimous vote, its choice of the Rev. Mr. Muyskens as the new minister. It then remained for the consistory to take official action, a procedure necessary under the governing rules of the Reformed Church.

The Rev. Cornelius Muyskens is a nephew of Dr. John Muyskens, who formerly held the pastorate of the Port Ewen Reformed Church and who is now located in Jenkintown, Pa. One brother of the Gardiner minister, the Rev. John D. Muyskens, is now a missionary in south India, while a second brother is pastor of a church in Matlock, Ia.

The Rev. Cornelius Muyskens is a graduate of Central College, class of 1922, and studied for two years at Western Seminary, completing his course by graduation from the New Brunswick Seminary, New Jersey, in 1925. Since coming to this territory, the Gardiner minister has been actively interested in the Ulster County Christian Endeavor Union, being recently elected as one of that organization's advisors.

"Mystery" Boy Has \$100,000 Bail for Three Defendants In O'Connell Case

While Officers Keresman and Reilly were driving one of the police radio cars on Broadway shortly after 4 o'clock this morning they saw a young boy walking along the street. The boy seemed to be somewhat bewildered. The officers stopped the car and questioned the boy who appeared to be suffering from loss of memory. The boy was placed in the radio car and taken to police headquarters at the city hall.

The boy was closely questioned by Officers Fatum and Stoudt at headquarters, and at first the officers were unable to obtain any information from the youth who appeared to be about 17 years of age and a clean cut chap.

The more the officers questioned the boy the more they were puzzled whether the boy had actually lost his memory and could not recall his name or where he lived, or whether the lad was trying to "pull a fast one on the cops."

The boy had about \$4.50 in money on his person, but not a scrap of paper giving any information as to who he was or where he came from. He had a key with him and in reply to questions said the key was for his cage of rabbits. Finally after considerable questioning the boy said he was Robert Thomas, and he was 16½ years of age, and lived with his parents, Mr. and Mrs. Milton Thomas, in the Highland Courts Apartments on Highland avenue, Chestnut Hill in Philadelphia, Pa.

How he came to leave home and what he was doing in Kingston he either was unable or refused to make plain. The boy appeared extremely sleepy and was given a place to sleep while a message was sent off to the telephone to Philadelphia stating the facts as furnished by the boy, and asking the Philadelphia police to check on the boy's story.

An answer to the telephone inquiry was not expected until later in the day. The boy is 5 feet 8 inches tall, weighs 110 pounds, has light brown hair and blue eyes, and presents a good physical appearance. His clothing was of fair good material and neat and clean and he was neat in his personal appearance. Shortly after 1 o'clock this afternoon the "mystery" boy, who had been sleeping in police headquarters since 2 o'clock this morning, awoke with yet another name. Before going to sleep he had told the police his name was Robert Thomas, but this afternoon he said his name was Martin DeLoach and that he lived in Philadelphia but at another address from the one he gave this morning.

The police department was still waiting to hear from their telephone inquiry to the Philadelphia police at the time this was being written.

KINGSTON GIRL'S HUSBY HONEYMOONS IN JAIL

The Port Lauderdale, Fla., Daily News of this week contains the following account of an automobile accident: "J. C. Carls, 24, Miami bridegroom who was fined \$100 and costs at Dania on Wednesday after he hit a car and drove away from the scene in the borrowed car he used to make his wedding trip to Lauderdale an hour before, was still a prisoner in the Dania city jail today. In the event he does not pay the fine by Monday he will be put to work on the street crew for 30 days. Meanwhile his bride, formerly Dorothy Smith of Kingston, N. Y., three years his junior, is calling on him each afternoon at the jail and Justice Thornhill is holding the car 'Carls' borrowed under writ of attachment pending settlement of damages to the machine he hit.

The most popular prison in Great Britain houses fewer than 1,000 inmates. Many in the United States, however, hold twice that number.

Child Labor Issue Rejuvenated Today In State Chambers

Albany, N. Y., Feb. 3 (AP).—New York's Legislature gave new life today to the proposal for ratification of the child labor amendment, instituted by Congress 13 years ago.

After bitter partisan debate, the Democratic-controlled Senate approved for the first time last night a proposal for ratification in line with repeated recommendations by Governor Lehman and his predecessor as New York's chief executive, President Roosevelt.

The unexpected action left responsibility for acceptance or rejection of the amendment upon the Assembly, which consists of 76 Republicans and 74 Democrats.

Advocates of the child labor amendment said that at least a dozen Republican Assembly members will vote for the proposal when it comes before that house, probably within ten days, leaving only 61 of the 74 Democratic votes necessary for final approval.

Only one Democrat, Senator Eliasus Corning, 2nd, of Albany, voted against the measure when it came before the Senate. The final vote was 48 to 12—12 affirmative votes more than necessary for passage.

In recent years, the Senate judiciary committee smothered the proposal without opportunity for a floor vote. Last year, efforts of proponents to discharge the resolution from Assembly committee failed.

Thus far, 26 of the 36 states necessary for ratification have approved the legislation.

Governor Lehman, after the Senate approval, commented "This is one of the happiest days of my life." "I have been fighting for this measure ever since I was a young man," he said, "and I rejoice that the long struggle in this state for ratification is about ended."

"I am particularly happy that for so long a time I have had a part in the movement which I am convinced will result in better conditions for the children of America and in protection of our adult labor and of our industries."

"I have no doubt but what the measure will pass in the Assembly." Among those who voted affirmative was Senator Arthur H. Wicks of Kingston.

REAL ESTATE TRANSFERS

Y. M. C. A. AUXILIARY TO MEET FEBRUARY 4TH

The Y. M. C. A. Auxiliary will hold its February meeting at the "Y" on Friday, the fourth, instead of the usual date. The change was made so as not to conflict with the World Day of Prayer at Trinity Methodist Church, February 12.

Lehman's Budget Termed Political Speech by Moffat

By ROBERT McCORMICK.
Albany, N. Y., Feb. 3 (AP).—Governor Lehman's message accompanying his proposal of a \$365,555,753 budget for 1937-38 was characterized today by a Republican legislator as a "political speech" worded to create "a false impression."

Assemblyman Abbot Low Moffat, chairman of the powerful Assembly ways and means committee, thus described the message in a statement which also pointed out and criticized its failure to provide relief money for the full fiscal year. It provides for funds sufficient only through next December.

Meanwhile William J. Gottlieb, executive vice president of the Automobile Club of New York called the budget "psychologically wrong and economically unsound." Explaining that it provides only \$33,257,190 for highway construction and maintenance out of a total \$96,800,000 taxation on motorists, he declared "It is small wonder we are unable to stem the tide of deaths and injuries on our highways when millions . . . are diverted from motor vehicle taxes to other purposes."

Moffat expressed satisfaction that the governor "has finally come to the view held by many of us that relief should be met on a pay-as-you-go basis."

"It is difficult to understand, however, in view of the refrain song throughout this message that the Assembly's action on the debt service appropriations last year is responsible for all the ills of the state, why he has failed to provide relief money for the full fiscal year."

"Everyone knows, and the statute requires, that the state will have to pay additional sums, possibly as much as \$27,000,000, during the coming fiscal year, yet no provision therefor is made."

"On the other hand, I am amazed that the executive should turn an official state paper, which would be a clear, impartial analysis of the state's financial condition, into a political speech."

WAKE UP YOUR LIVER BILE—

Without Colic—And You'll Jump Out of Bed in the Morning Kari's to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up. Your stomach. You get constipated. Your whole system is poisoned and you feel sour, rank and the world looks punk. Laxatives are only makeshifts. A more natural movement doesn't get at the cause. It takes those good, old Kari's Little Liver Pills to get those two pounds of bile flowing freely and make you feel up and up. Kari's Little Liver Pills are the only pills that make bile flow freely. Ask for Kari's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

Kingston Trims Poughkeepsie In Dull Game Here by 20 to 17

Kingston High School's cagers eked out a 20-17 victory over Poughkeepsie in a slow game at the Auditorium last night. A crowd watched the combatants struggle through three listless quarters as the locals tacked up their eighth successive conquest with a fourth period rally. Unable to function smoothly against a determined down-river defense, the Klasmen's offense reached a new season's low before it finally clicked in the waning moments.

Kingston led 8-3 at the first quarter mark and wound up with an 8-8 tie at half-time as their offense was nil in the face of inaccurate sharp-shooting and listless floor play. It was all even at the close of the third frame with both teams registering 14 markers as they launched into a final session. Kingston got away for a slight margin of superiority and stalked off the floor victorious.

Charlie Bock again showed the way in the scoring columns with nine markers garnered on four fields and a foul, although exhibiting sub-par sharpshooting form. Bock clipped in four of the locals' nine ducies. Charlie came through with two timely baskets in the closing session to stave somewhat for his letdown. He was shadowed all the way by Willie Waryas, defensive ace of the Bridge City basketballers, but broke away in the final session. Bill Green, substitute forward, paced the down-river hoopers by ripping in three long range heaves for six markers in a relief performance.

Coach Kias started Rowland, Bock, Maines, Bahl and Fertel and the opening array of cagers carried over into the second half for the first time to date. The original five held sway as the third quarter opened. George Riftenbary entered for Captain Bahl who fell victim to the personal foul ruling shortly after the final half got under way. Al Bruce replaced Slat Rowland as the locals opened the last stanza. Bruce turned in another neat relief role and whipped in a pretty hook shot amidst a wild melee under the basket to strengthen Kingston's lead in addition to turning in a well-groomed floor game.

Bock Saves Game
Poughkeepsie put up a frantic last half stand against the locals and unleashed a desperate barrage of long range tosses. Elated by their first half showing, the Redmen battled strenuously against the dismayed red-shirted offensive schemes. Action waxed steadily rougher as the contest neared termination and referee Stevens momentarily lost control of the pace and hindered Kingston's recovery with a series of penalties. With the score standing at 18-15 in favor of Kingston, Cecchini, sub forward, was fouled in the last minute of play and awarded two charity tosses. The large local gathering let out a roar of disapproval and increased in unison as Cecchini missed the initial try for the all-important series. Ref Stevens stopped the game and demanded quiet with a threat of a series of technical fouls on Kingston. The crowd subsided as Coach Kias

pleaded for silence and Cecchini made his second toss good but Charlie Bock took the game from within reach of the clutching Poughkeepsians by breaking loose for a fast pushup to wind the game up at 20-17.

Bock opened the last quarter with a pretty dribble-in and Bruce whipped in a deft hook shot to increase it to 18-14 before Green connected on a long one. Cecchini made one of two fouls good for 18-17 but Charlie Bock stowed the game away with his aforementioned basket to insure victory.

Kingston encounters Port Jervis in a DUSO League clash Thursday evening at the municipal auditorium in its second start of the week. The Klasmen face a strong rival in the Port squad and a fine game is on tap starting at 8:15 tomorrow evening.

Prelim Patter.
Coach Whiston's Kingston High School Jayvees captured a 29-25 victory over the powerful St. Mary's quintet in a corking preliminary attraction. The local junior varsity sprung a surprise on the downtown cagers by turning back the strong array of junior cage talent to register their fifth victory in seven starts. St. Mary's held a 12-8 lead at half-time but faded in the final frames as Ray Van Buren cut loose for three successive baskets to net the count at 20 all going into the last stanza. Milt Dubins, hustling Jayvee guard, whipped in a trio of neat ducies to enable the Jayvees to stave off a dying rally in the closing seconds. Dubins paced the second team with four neat fields and two fouls for 10 markers, while Van Buren corded three ducies and two aces for eight. Charles "Babe" Coughlin and Jim Albany collected four fields apiece for eight tallies to pace the downtowners, while Tommy Madden had six markers. The contest was closely contested all the way and was the best prelim attraction staged to date and saw Coach Whiston's laddies upset a powerful crew of cagers with their finest performance this season.

Godoy and Thomas At Hipp Tonight

New York, Feb. 3 (AP)—Two young heavyweights who can punch, Arturo Godoy of Chile and Ous Thomas, Chicago negro, clash in a ten round bout at the Hippodrome tonight.

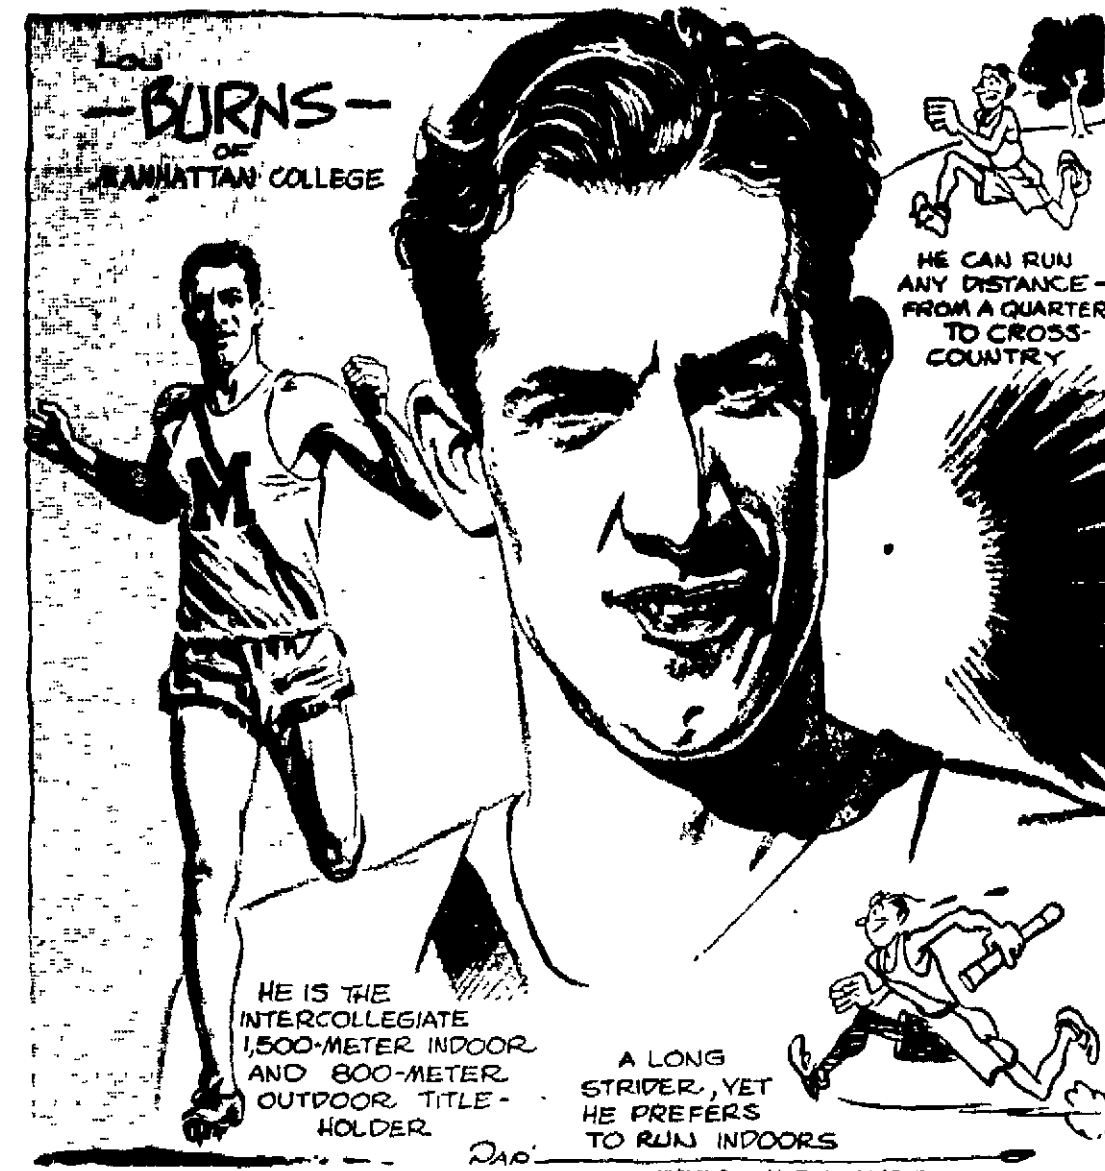

Although neither has been fighting professionally long enough to pile up much of a record, both have become popular with the fans because of their willingness to trade in. Godoy remains undefeated after three bouts in the United States, having drawn with Leroy Harvey and Al Ettore and knocked out Jack Roper. Thomas, former Golden Gloves amateur, has been beaten only once in 12 professional bouts.

Max Baer May Box Pastor at Garden

New York, Feb. 3 (AP)—Max Baer, who was knocked out in four rounds by Joe Louis and Bob Pastor, who recently remained on a pair of articles for ten days against the Brown Bomber, probably will clash in a ten rounder at Madison Square Garden March 19.

Matchmaker James J. Johnston said yesterday he had come to terms with André Hoffman, Baer's manager, in telephone and expected confirmation today. The match depends upon postponement or cancellation of Baer's plans for a fight in England this winter.

Launches Campaign to Give A.A.U. Back to Athletes of United States

Special A. B. C. Bowling Meeting on Thursday

A special meeting of the City Association A. B. C. executive committee will be held Thursday evening at the Y. M. C. A. at 7 o'clock sharp. Every member is requested to attend as business of utmost importance must be transacted. Furthermore a few of the officers find it imperative to leave no later than 8 o'clock.

Alleys will be selected for the first annual spring tournament under A. B. C. sanction. The tournament will determine the city championships in the five-man, singles, doubles and all-events classes. Bowlers will be graded into two classes and the maximum and minimum averages will be set at Thursday's meeting.

The city tournament is not to be confused with the A. B. C. congress. It is merely for local bowlers and cash prizes will be awarded in all events.

Forsts Take Over Rangers, 29-26

Playing at Pythian Hall, Port Ewen, Tuesday, the Forst basketball team defeated the Rangers, 29-26 as Hinkley and "Sure Shot" Frewer put on a scoring rampage that netted them 16 and 13 points respectively. Freer made his 15 all in the last quarter to clinch the contest. Haley made seven for the Rangers.

Crowd Expected for Colonials' Tilt with the Jewels Tonight

Kingston High Against Liberty on Thursday

On account of the Knights of Columbus Charity Ball at the Municipal Auditorium, Friday night, February 5, Kingston High School Varsity basketball team will play Thursday night, meeting Liberty High in a DUSO League contest.

Followers of the high school quintet are asked to observe the change in nights so they do not miss seeing the game. Scheduled starting time is 8:15 o'clock.

Two Tests to Prove Strength of Talk on Louis Vs. Braddock

New York, Feb. 3 (AP)—Two tests—one today and one February 15—may prove just how seriously this whirlwind discussion of a Jimmy Braddock-Joe Louis heavyweight championship fight in Chicago is to be taken.

Today Joe Gould, Braddock's manager, was to go before the New York State Athletic Commission to demand the return of his \$5,000 "evidence of good faith" forfeit, posted in connection with Braddock's scheduled title defense against Max Schmeling. Commission Chairman John J. Phelan says Gould hasn't a chance in the world to get the money back. Gould may not even show up to make the demand, but if he does the commissioners' attitude possibly will indicate future courses of action.

The second test will come when Braddock makes a couple of brief appearances in the Hippodrome against two opponents February 15. Braddock agreed yesterday to tackle Eddie Kotwica of Garfield, N. J., and Eddie Cook, Havana negro, as part of the benefit program being arranged by Commissioner Bill Brown for the Catholic Writers' Guild.

Jacobs said he would appear at today's commission meeting to ask that the four-round minimum rule be waived so that Braddock, idle since he took the title from Max Baer in June, 1935, can start his warm-up with a pair of two-round sparring matches.

Under New York state law, those technically would be title matches, and as such would be regarded as draws to show which way the winds were blowing in connection with the Chicago match. Braddock's appearance in them might be regarded as much a violation of his contract with Madison Square Garden as would be a Louis fight. The contract calls for him to make his first title defense under Garden promotion.

Another set of papers, calling for a title match against Schmeling June 15, includes clauses permitting approved preliminary bouts, however, and the Garden may decide to pass up this opening for a test of its legal rights.

"Dream" Tennis Match in Florida

Surfside, Fla., Feb. 3 (AP)—A "dream tennis match between four of the best players in professional and amateur ranks came true today—but the public was barred.

Two of amateur tennis' biggest stars, Don Budge and Bryan Grant, teamed up against Fred Perry and Ellsworth Vines leading pro attractions in a doubles test at the exclusive surf club.

The match was arranged by local enthusiasts but, in order not to jeopardize the amateurs' status, it was decided only members of the club could watch the three-set match. Seeded players, headed by Budge and Grant, paraded into the quarter-finals of the Surf Club Invitational tournament without difficulty. The Little Atlantan today faces Ellsworth Cooke of Los Angeles and Budgie Buckles, Walter Senior of San Francisco.

Charles Harris of Palm Beach, the winner last year, battles Warner Sablin of Los Angeles. Arthur Hendrix of Lakeland and Dr. Eugene McCauliff of Chicago, will meet in the same round.

WRESTLING LAST NIGHT

By The Associated Press
New York—Ernie Dusek, 228, Omaha, Neb., threw Hank Barber, 220, Boston, 41-14.

Worcester, Mass.—Danno O'Mahoney, 230, Ireland, threw Rube Winter, 225, Montana, 1-13 27.

Newark, N. J.—Gino Garibaldi, 214, Italy, defeated Rudy Dusek, 219, Nebraska, two straight falls.

Albany, N. Y.—Steve Casey, 220, Ireland, defeated Joe Dusek, 219, Omaha, Neb., two straight falls.

New Haven, Conn.—Joe Cox, 228, Kansas City, defeated George Kovach, 218, Hollywood, Cal., two out of three falls.

Reading, Pa.—Sammy Cohen, 205, Chicago, won over Maurice La Chapelle, 190, France, 25-51 (La Chapelle injured).

Lincoln, Neb.—Chief Little Beaver, 235, North Carolina, pinned Rudy Laddit, 220, Poughkeepsie, N. Y., two straight falls.

San Francisco—Sander Sando, 212, Los Angeles, defeated Ed Schneider, 209, 212, Glendale, two out of three falls.

San Diego, Calif.—Sam Watson, 205, San Luis Obispo, drew with Victor Lopez, 217, Los Angeles.

American Basketball League fans

are expected to crowd the municipal auditorium tonight for the Colonial-New York Jewel contest to see what may turn into another thriller such as the Kingston-Visitation skirmish of last week. Both clubs need victories in the second half of the American League and are set on winning, which means a slashing tussle.

That overtime brawl with the Vissles still is fresh in the memory of the cage game enthusiasts who saw the Colonials pull out in front during the extra period after a dashing and thrilling spurt in the last minutes of the regulation time to tie the tally at 39-all.

Charlie Husta was the star of the big rally, bringing the Colonials from behind, 32-23, in the last six minutes with four held baskets in a row, then go into the overtime frame and garner five of Kingston's seven winning markers. The Colonials won 47-40.

Husta, starting off in poor form, failed to cut the odds from the field for two periods, then suddenly hit his stride in the third frame. His total number of points scored for the hotly fought contest was 17, highest of the night. George Slat of the Vissles made 16.

Next to Husta in the Kingston scoring column came Phil Rabin with 12. Rabin's points were distributed well throughout the playing time and his work contributed a lot toward the victory. However, in New York Sunday he was held to one foul. Rus Saunders went without a point from the field, too. The failure of these two, and a slippery floor, brought about the fall of Kingston before the Visitations, Manager Morgenweck said.

Morgie is anxious to trim the Jewels, and hopes to see his basketballers come out on top. "We need all the games we can win in this second half of the American League," he said.

The Old Maestro cheerfully announced this morning that the Colonials hit their stride in Bayonne last night, defeating the Mt. Carmel club, conquerors of the Jersey Reds, 31-30. It was a hard fight that went over time.

Kingston, determined to trim the Jewels, will take the court tonight with Saunders and Corky Stanton in the forward berths, Tiny Hearn, center, and Husta and Rabin, guards. Lefty Kintzang and Pip Koeber, who have come through nicely in the pinches heretofore, will be ready for substitute duty.

The Jewels will trot out their regulars, Posnak, Bogovich, Gerson, Schuckmann, Kinsbrunner, and two new youngsters, Kupperberg, former Bronx star, and Dublier, who have been doing good work for the club.

Starting time of the main game is 8:45 in the preliminary at 7:30. Van's Sporting Goods Five will oppose the West Hurley quintet.

Blue Sox Club Held Its Annual Meeting

The annual meeting and election of officers of the Blue Sox A. C. was held Tuesday evening, at the club rooms. The following officers were elected for the ensuing year: Charles Porch, president; Jack Long, vice-president; Joseph Tomaszewski, secretary; Joseph Sully, treasurer. Leor Tomaszewski and Walter Krstek were appointed to serve on the House Committee. George Dougherty was appointed manager of the baseball team for the coming season.

During the meeting it was decided to hold a minstrel after Easter and William Houghtaling, Jack Long, Joseph Tomaszewski, George Dougherty, George Reis and George Keller were appointed on the committee. After the meeting refreshments were served by the House Committee. Stanley Tomaszewski and Charles Porch entertained the club with songs.

For those members who didn't attend last night, there will be a special meeting Thursday evening, February 11. All members are urged to attend.

SALISBURY MILLS

SKI JUMP SUNDAY

Harold Sorenson, the former eastern ski jumping champion who established the 151 foot record for Norsemen Hill at Salisbury Mills and Merrill Barber, 17-year-old "prize" star who equaled the mark last year, will meet in the sixteenth annual Norsemen Ski Club tournament Sunday, February 7.

Thirty-five performers from 14 eastern clubs are entered to bring a splendid array of the best metropolitan skiing talent to the spectacular event at Salisbury Mills, southward from the Norfolk Conn. Winter sports location and Barber, little over a jumper from the Salisbury Ski Outing Club, who scored a first in last year's meet when he trounced Sorenson's career record of just two who will attempt to break the high mark set up in 1936.

ST. JAMES PARTRAILERS

MEET CLINTON AVENUE

The softball team of the St. James Methodist Church will play tonight to the Clinton Avenue club for a regular scheduled league battle in back of 5 o'clock. Refreshments will be served before the game.

A W. Robinson of Tappan, New York, who has been a member of the club, has been elected to the position of manager. Robinson has been playing in the club for the past year.

Californians Now Rely on Sun To Heat Water In Their Homes

By SAM JACKSON
(AP Feature Service Writer)

Davis, Calif.—Free sunshine is heating water for thousands of California homes. Skeptics to the contrary, the system works at night as well as in the daytime.

Those who depend on sunshine exclusively for heating water get along comfortably as long as nine months a year without spending a cent, although a succession of cool, cloudy days occasionally may cause postponement of wash day or of one's hot bath.

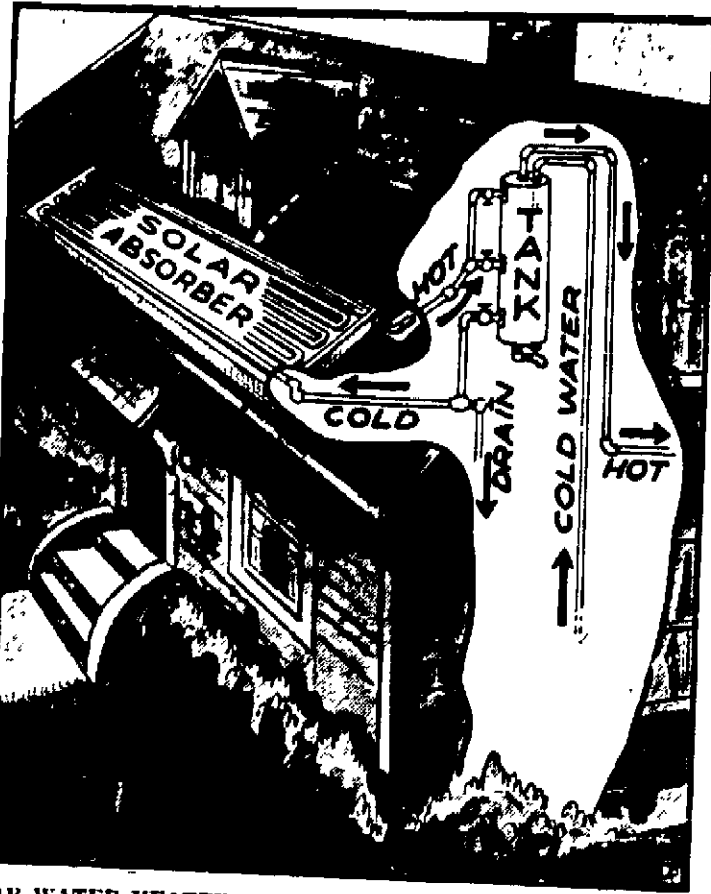

Many householders, who want a steaming stream from the faucet at all times, have gas or electric heaters or furnace coils working in conjunction with sunshine. On sunny days the sun does the work, and on cloudy ones artificial heat takes its place.

Research Done On It

An exhaustive study of solar heating systems has been made by F. A. Brooks, associate agricultural engineer at the University of California experiment station here.

Tracing the solar heater back to the days when a farmer merely lashed an iron tank on his roof, Professor Brooks has analyzed various methods of getting the most heat out of the sun's rays. As the most practical heater, he selects a zigzag arrangement of iron pipe enclosed in a flat, insulated box with a glass cover and placed on a slanting roof. This is called an "absorber."

By a process known as thermosiphoning, the heated water flows from the exposed pipes to a storage

SOLAR WATER HEATER

How a solar water heating system may be installed in an ordinary house is shown by this sketch.

tank which ordinarily is placed in the attic. Cold water replaces it and is in turn heated and stored. The tank is well insulated, so it supplies hot water through the night until the

sun gets to work the next day.

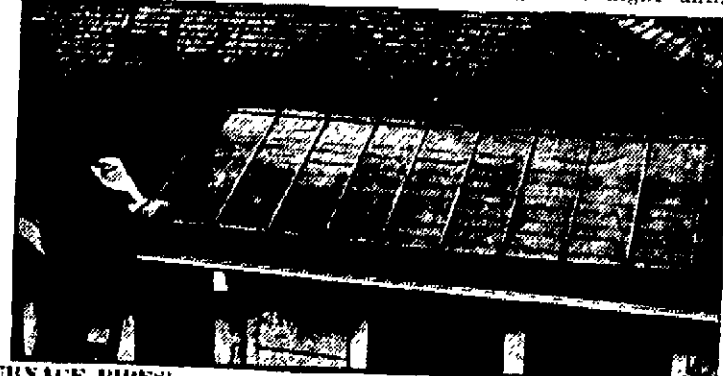

Automatic System Devised

A development by the California engineer is a tandem solar-electric heater which is entirely automatic, the electricity going on whenever the sun's rays are too weak to maintain the hot water supply.

"With such a combination," he says, "the housewife will never be bothered by lukewarm water, yet will save heating expense when the sun shines."

Any handyman can build his own solar heater, or one may be purchased ready-made. Professor Brooks warns, however, that beyond sending a booklet of instructions he cannot enter into correspondence with builders regarding their problems.

One solar heater is at the \$2,000,000 "castle" of Death Valley, Scotty. His location—scorching Death Valley—is recognized as the hottest region on earth.

'FURNACE PIPES' This "absorber" in the roof heats the water for the home of Prof. W. R. Hinchshaw at the University of California experiment station at Davis, Cal.

First Returns For Social Security

The period prescribed by treasury regulations under the old age benefit provisions of the Social Security Act wherein the first monthly tax returns under the law are due and payable begins today.

These returns are the taxes of one per cent deducted from the employee's salary or wages, up to \$3,000, during the month of January, and the equal amount which the employer is required to pay from his own funds. The last day for filing such returns is February 28, after which a penalty of six per cent interest for periods of delinquency will be assessed.

Mrs. Anna M. Rosenberg, regional director for the Social Security board at New York, issued yesterday suggestions for making the return based upon treasury regulations. The returns are to be made upon special forms—called Form SS-1—obtainable from the collector of internal revenue.

"Employees can save time and

trouble by keeping in mind four special don'ts," Mrs. Rosenberg said.

"First, don't send tax returns and accompanying checks to the Social Security Board. All checks and money orders should be made payable to, and sent to, the collector of internal revenue."

"Second, don't send postage stamps, because stamps are not legal tender."

"Third, don't simply send the money order or check, without having filled out and attached thereto the completed Form SS-1."

"Fourth, don't apply to the Social Security Board for SS-1 forms. The forms are obtainable at the offices of the bureau of internal revenue."

Mrs. Rosenberg pointed out that, according to treasury regulations, each individual return shall be filed with the collector for the district in which is located the employer's principal place of business and that employers having no principal place of business in the United States are required to file the return with the collector at Baltimore, Maryland.

Willing Workers Meeting

The Willing Workers of the Ashokan M. E. Church will hold their regular monthly business meeting at the home of Mrs. Floyd Merriwell, Thursday, February 4, at 2:30 p. m.

Police in Drive On Auto Parkers

The police department for the past several nights has been staging a drive on auto owners who use the streets for garage purposes, and since the first of the week there has been a steady stream of auto drivers appearing in police headquarters at the city hall in response to tags they found on their cars notifying them to appear.

No arrests are being made but if an auto owner is caught using the street for all-night parking it is likely that arrests will follow.

The present drive is to bring forcibly to auto owners that it is against the law to park their cars all night on the street.

Progressive Club

The regular weekly meeting of the Progressive Social Club will be held in the club rooms tonight at 7 o'clock. Following the meeting a social hour will be enjoyed to which the general public is invited to attend.

OHIO ANIMAL NOTES

Lawrence Boyer (Holding Boies) And His Team

Boy Farmer Using Goats For Plowing

Chillicothe, Ohio (P)—Goats have taken the place of horses and cows on the 40-acre farm of Lawrence Boyer, 18, operator for his father.

He uses them both for hauling and plowing. Since buying two goats and making a harness, a double-shovel plow and a harrow, Lawrence and his younger brother have raised 10 acres of marketable corn, some potatoes and a garden crop.

Lacking an automobile with which to get to the community store several miles away, Lawrence rigged up a two-wheeled cart and had the goats haul him.

The family needed milk so Lawrence bought a nanny.

Dog Warden Is Animals' Best Friend

Clarendon (P) Henry J. Ledingwell is the dog warden of Cayuga county but he isn't the "old mean" children usually think all dog catchers are.

He was appointed by the county commissioners to see that dogs are licensed properly or impounded. He does neither than that. He believes in treating children kindly toward animals and has spread this doctrine by radio, in person and through letters.

The "house" of Ledingwell's engine is located in his residence just west of Ithaca. His name is the "star boarder" and works for his "keep with the dogs."

Warden Ledingwell And His Star Boarder

MARLBOROUGH

Marlborough, Feb. 3.—The sum, to date, \$102.44, has been raised as the contribution here toward relief of the suffering caused by the floods now raging in the Ohio and Mississippi valleys. The local Red Cross unit under the chairmanship of Mrs. A. S. Ferguson, is making a drive, and on Tuesday evening, February 8, in St. Mary's Hall, a benefit dance and a card party will be held, all the money to go for relief. Tickets are on sale.

Two gasoline pumps at the Marlborough Mills filling station were knocked down last Friday night when they were struck by a sedan operated by a New York city man. No one was injured in the crash, although the car was badly damaged. The driver claimed that he had been blinded by the lights of an approaching car, and lost control of the machine, which skidded into the pumps. Repairs to the pumps were made on Saturday.

Installation of officers of the Pythian Sisters of Glen Temple were held last Tuesday evening in the K. of P. Hall. Mrs. Clifford Stant was the installing officer, assisted by Mrs. Anna McConnell, grand manager, and Mrs. Caroline Smith, grand senior. Officers installed included: Mrs. Edith Reynolds, past chief; Mrs. Minnie Hallwick, most excellent chief; Mrs. Mary Perkins, manager; Mrs. Ada Greiner, excellent junior; Mrs. Caroline Smith, excellent senior; Mrs. Anna McConnell, M. of F.; Mrs. Henster Stant, M. of R. C.; Mrs. Rachel Rowley of Highland, guard; Mrs. Alice Conn, protector; Mrs. Caroline Smith, trustee for three years; Mrs. Minnie Hallwick, representative to grand lodge; Mrs. Edith Reynolds, press correspondent. At the conclusion of the ceremony, Mrs. Clifford Stant was presented with a gift by Glen Temple Lodge. Refreshments were served and a social hour enjoyed by those present.

Allen Purdy, local plumber, has purchased the old cooler on Western avenue from J. J. Ennist of Highland. The old building has been unoccupied for a number of years. Mr. Purdy has started to repair and remodel the building, which will be a modern apartment upstairs and the lower floor a shop, where Mr. Purdy will conduct a shop.

Mrs. Charles Ryan will entertain a number of ladies at a card party on Friday evening.

Preliminary regents' diplomas for last June have just been received by the local school. They were distributed to the following pupils: Joseph Abbruzzese, George Alfano, Doris Barclay, Vincent Casabura, Josephine Colletto, Millicent Cosman, Henry Halstead, Catherine Kaufman, Joseph Maggio, Elizabeth Meekes, Jennie Morehead, Josephine Pagano, Edith Magentine, Michael Polizzi, Ellen Salinovich, George Sanders, Helen Sanders, Clyde Spencer, Elizabeth Staphis, Joseph Trapani and Charles Winfield.

Mr. and Mrs. Albert Marcks and daughter and Mrs. Frank Hannigan visited on Sunday at the home of Mr. and Mrs. James Hannigan and family in Highland.

Mr. and Mrs. Roy Barry and daughters, Joan and Ruth, spent Sunday in New York.

The regular meeting of the local Catholic Daughters of America will be held in St. Mary's Hall on Thursday evening at 8 o'clock.

Mr. and Mrs. Edward J. Ackert became the parents of a daughter last week.

Mr. and Mrs. John Badner became the parents of a son last week. Dr. Harris was in attendance.

Mr. and Mrs. Lawrence Wardell became the parents of their third daughter last week in St. Luke's Hospital, Newburgh.

Miss Kathryn Strope spent the week-end in Newark at the home of her brother, Donald Strope, and wife.

World Day of Prayer.

A meeting to arrange the program for the World Day of Prayer will be held Thursday afternoon, February 4, at 3 o'clock, at the church parlors of Trinity M. E. Church, Wurts street. All presidents of missionary societies and all Young Peoples' organizations of the churches of the city are invited to be present to arrange this program.
